FIELD OF WORK

Oikon Ltd. business activities range from environmental consultancy services to provision of integral specialist studies and research in the field of applied ecology. The company was registered on November 17th 1997, at the Croatian Court of Commerce under registration number MBS 080183498. Specialties of the company include environmental and nature protection, sustainable development, forestry and applied forest research, agriculture, ecological modelling, marine biology, landscape ecology, geostatistics, remote sensing and GIS. Oikon Ltd. is also Soil Associations - Woodmark representative in Croatia for FSC Certification of forests and wood processing industry.

At the Croatian Court of Commerce, Oikon Ltd. is registered for the following services:

National classification of services	Services and activities
<i>Basic</i>	
73.1	Research and experimental development in natural, technical and technological sciences <ul style="list-style-type: none"> * Research and provision of knowledge and information to business * Environmental protection expertise * Environmental impact assessment studies, ecological research, surveys and measurements, environmental pollution control and sanitary control projects, geological research, geodesic surveys, cartography * Education of environmental protection professionals * Hydrographic works, such as hydrographic measurements, marine geodesy, coastal, and marine object scanning * Detailed physical planning services and provision of thematic data sets for issuing location permits * Technical documentation for research, exploitation and processing of rocks and minerals * Landscape design and implementation of landscape design programmes * Nature protection expertise * Air quality protection expertise, air quality monitoring, air emissions monitoring * Noise protection expertise
2	Forest management services
1	Agriculture and hunting expertise <ul style="list-style-type: none"> * Wild animals protection and breeding programmes
72	IT services
<i>Other</i>	
22.1	Publishing <ul style="list-style-type: none"> * Foreign investment works and cession of investment works to the foreign person in Republic of Croatia * Public and road transport, both domestic and international
71	Machinery and equipment renting services, excluding handler and items for personal use and households
33	Production of medical, precise and optical instruments and watches
74.13	Market and public opinion research
74.14	Management and business consultancy services
92.72	Other recreational activities <ul style="list-style-type: none"> * Building, building design and building sites supervision * Crewed airplane rental services * Trading and trading procurement on domestic and foreign markets * Commodities acquisition and sales * Foreign companies procurement

PRODUCTS AND SERVICES

Program and project management services

(Overall life-cycle project management; advisory and technical support for EU or globally funded tenders)

Overall (life-cycle) project management:

Program/Project initialization and planning services

- Feasibility studies
- Business case analysis
- Client scope, schedule and cost estimation
- Procurement planning (supplier evaluation)
- Project charter and proposal preparation
- Project evaluation (program, portfolio level)

Program/Project execution related services

- Project hosting
- Monitoring and surveillance
- Quality assurance/Quality control
- Program/Project Key Resource Allocation

Program/Project risk management

- Risk identification and classification
- Risk severity matrix (probability/impact assessment)
- Risk qualitative and quantitative analysis
- Risk mitigation and control (strategy, risk plan, monitoring and control)

Contract management

- Tendering related consulting
- Supplier management
- Subcontractor management

Program/Project process related services

- Program/project process related consultancy
- Program/Project office infrastructure, management and support
- Meetings, workshops planning and facilitation
- Stakeholder analysis
- Participatory surveys, interviews (traditional, web enabled)

Advisory and technical support for EU or globally funded projects application (CARDS, Life, ISPA, GEF...)

Environmental protection

(reports, studies, assessments, monitoring)

- Environment Impact Assessment (development of EIS for developments in terrestrial and marine environment, procedural support through acceptance procedure)
- Implementation of integrated procedures (environment, nature, integrated conditions for environment protection)
- „Request for requirement assessment for EIA“ (screening process)
- „Request for EIA content instructions“ (scoping process)
- Strategic Environment impact Assessment (SEA) for plans and programs (development of studies and procedural support)
- Permitting support services
- Due diligence reports

- Design, development, implementation and maintenance of environmental monitoring systems
- Reports about condition of environment (counties, municipalities, cities)
- Environment protection programs (counties, municipalities, cities)
- Environment protection reports
- Environment management plans
- Selection of environmentally most appropriate locations for industrial, power production and communal developments
- Field survey planning
- In situ data collection: terrestrial and marine (i.e. see current measurements, bathymetry, various samplings, etc)
- Solid waste cadastre development
- Solid waste management planning
- Environmental expenditure tracking and analysis
- Legal harmonization support with EU acquis
- Development of thematic data layers for Physical planning needs

Industrial ecology

(Reports, studies, assessments, design and supervision)

- Feasibility studies
- Pre-investment studies
- Investment studies
- Business plans
- Location studies
- Site investigation planning
- Conceptual design
- Preliminary design
- Main design
- Implementation design
- As-built documentation
- Project scheduling (time, financial, resource)
- Professional opinions, reports and revisions
- Energy audits
- Deployment programs
- Deployment instructions
- Technical, financial and commercial investment consulting
- Project management
- Construction supervision
- Quality assurance
- Plant deployment
- Design nostrification (as per legal requirement in case design was developed by foreign engineers)
- Engineering supervision
- Development of programs for reduction of green house gases
- Techno-economic analysis of implemented reduction measures
- Implementation of flexible Kyoto protocol mechanisms (ET, JI, CDM)
- Cooperation with international expert teams
- Energy efficiency projects
- Full support for implementation of IPPC directive

Environmental Medicine

(research, ecotoxicology, bioindication)

- Planning, design, implementation and supervision of research regarding relationship between environmental and health risk

- Assessment and management of risks (human and ecological biomonitoring)
- Teaming, coordination and management of multidisciplinary scientific research teams
- Development and implementation of informative, educative and training programs in the field of Environmental medicine/Industrial ecology

Renewable Energy Resources

(reports, studies, resource assessments)

- Feasibility studies
- Pre-investment studies
- Investment studies
- Business plans
- Location studies
- Site investigation planning
- Conceptual design
- Preliminary design
- Main design
- Implementation design
- As-built documentation
- Deployment programs
- Deployment instructions
- Technical, financial and commercial investment consulting
- Project scheduling (time, financial, resource)
- Technical, financial and commercial investment consulting
- Project management
- Construction supervision
- Quality assurance
- Plant deployment
- Design nostrification (as per legal requirement in case design was developed by foreign engineers)
- Engineering supervision
- Cooperation with international expert teams

Nature Protection

(reports, studies, assessments, research, inventories, monitoring)

- Nature impact analysis (appropriate assessment) of various developments (terrestrial and marine)
- Analysis and valorization of biological, landscape and geological diversity
- Evaluation of ecological risk and health status of ecosystems
- Advisory support in design of infrastructural and industrial objects aiming at reduction of impact on biological and landscape diversity
- Selection of optimal locations for building of “green bridges”
- Cost-benefit analysis of developments in relation to expected changes in ecosystems and impacts on protected natural values
- Advanced statistical and analytical support in solving Nature protection issues
- Assessment of baseline (“zero”) status of nature (flora, fauna, fungi, marine biocenosis)
- Population density assessment for rare, endemic and protected species
- Design, development, implementation and maintenance of monitoring systems for biological, chemical and physical indicators
- Inventory of fauna and habitats (ornithofauna, mammals, herpetofauna, benthic biocenosis, marine benthic species, fungi, terrestrial habitats, biospeleological supervision) and monitoring by different scientifically approved methods (foto-traps, ultrasound detectors, GPS collars/chips for marking and tracking of animals, biological surveys and sampling (bathymetry, granulometry, etc.) using SCUBA diving equipment (“down” to 70 m))
- Thematic mapping of various scales and methodology (CORINE, MedWet, urban habitats, etc.)
- Design of ecological networks

- Development of management plans for protected areas of nature

Natural Resource Management

(forestry, game management and agriculture)

Forestry

- Development and revision of forest management plans
- Preparation and supervision of forest management works
- Preparation and supervision of forest protection works (insects and fungi, forest fires, and other natural disasters)
- Preparation and supervision of harvesting
- Preparation and supervision of horticultural, forest ecology, forest biodiversity protection works
- Preparation, implementation and supervision of timber marking and management of private forests
- Research of forest ecology
- Forest protection (design of anti-erosion measures, design of watershed protection measures, design of forest fire protection measures)
- Inventories of forest resources of various thematic/spatial detail and coverage - from single forest units to regional/national scale (design, implementation, analysis, reporting)
- Development of tariffs, growth and yield models, biomass models
- Field measurements and investigations (biomass, standing volume, increment, crown coverage, competition, etc.)
- Evaluation of forest productivity and stability
- Evaluation of economic value of the forests (timber, non-timber values)
- Evaluation of forest fire risk
- Evaluation and planning of forest roads network
- Evaluation of forest soil productivity
- Soil suitability for planting and timber species selection planning
- Monitoring of forest ecosystem health status
- Dendrochronology and dendroecology
- Harvesting location plans
- Feasibility studies and development of plans for short-rotation forestry

Game management

- Development and revision of game management plans
- Game animals protection planning
- Implementation and implementation supervision of game management plans
- Design and development of documentation for implementation of game management plans
- Mapping support (game management units)
- Posters for hunting houses
- Game management unit borders identification (on map and in the field)
- Habitat productivity evaluation for various game animal species
- Specialist studies and research
- Education and training in game management methods and techniques

Agriculture

- Site evaluation for agricultural production
- Productivity evaluation of agricultural land
- Inventarisation and analysis of meadows for grassing purposes
- Inventarisation of land use of areas suitable for agriculture
- Evaluation of impacts of agricultural production on nature and environment

Landscape Architecture

(analysis, planning, design, visualization)

- Development of thematic data layers for landscape design projects
- Conceptual landscape design for various developments/areas
- Main landscape designs
- Planning of “green systems” for cities
- Planning of protection of horticultural objects in cities
- Monitoring of health status vegetation in urban environments
- Mapping and analysis of land use
- View shed analysis
- Landscape inventarisation and mapping
- Landscape diversity analysis
- Valuation of landscapes aiming at identification of landscapes to be proposed for protection
- Landscape impact analysis
- Determination of guidelines for protection, improvement and management of landscapes

IT and GIS

(consulting, application development, implementation and support, training)

Development of GIS and IT solutions in nature and environment protection

- GIS software evaluation and selection services
- GIS database modeling
- Internet based GIS applications development
- Nature protection information systems definition, design, programming, implementation, testing, documentation writing and user training
- Environment protection information systems definition, design, programming, implementation, testing, documentation writing and user training
- IT solution post-implementation technical support

GIS training

- GIS related training consulting services (training needs assessment, training plan development, curriculum development)
- Trainers and users training
- Application of GIS in nature and environment protection

Visualization

- 2D visualization and cartography
- 3D visualization

GIS/IT related consulting services

- Spatial data conversion
- Spatial data migration
- User requirements specification
- Consulting services in relation to selection, acquisition, customization and implementation of GIS and IT solutions, covering all phases of project delivery

Software vendors' partner

- Microsoft registered partner (in process of golden partnership for visualization competence)
- ITT Visual Information Solutions (www.itvis.com)
- 3D Nature (www.3dnature.com)
- Lakes Environmental Software (www.weblakes.com)
- Topsonic Systemhous GmbH (www.topsonic.de)

Remote sensing and Telemetry

(aerial/satellite, analysis, training)

- Sampling design and purchase of images (aero and satellite)
- Geo-referencing and orthorectification of various image types
- Mosaicing
- Production of orthophoto images
- Expert visual interpretation of images
- Computer supported interpretation of images (controlled and non-controlled classification)
- Vegetation monitoring with remote sensing methods
- Inventarisations (forestry, nature, other natural resources with remote sensing methods)
- Following of movements and behaviour of wild animals with telemetric methods
- Education and training in remote sensing methodology and techniques

Environmental modeling

(geostatistics, spatio-temporal modelling, raster GIS)

- Raster-GIS analysis
- Digital geo-morphometry
- Geostatistics
- Modelling of biological populations density in time/space
- Calculation of productivity parameters and forest health status
- Calculation of pollution emissions
- Hydrological modelling of water levels ion open water bodies and ground water
- Hydrodynamic modeling of currents and waves in sea
- Modelling of surface runoff in natural water catchments and in open watercourse
- Calculation of macro-climatic and topo-climatic parameters
- Simulations of meteorological parameters
- Calculation of pollution dispersion in see, water, air and soil
- Noise propagation modelling

Energy Audits and Building Certification

OUR CUSTOMERS

Our customers are companies who use and/or control the use of natural resources, mostly public organizations and state and local governments. Recently, our customer base significantly grew as a result of demand by private investors for our services. Often, Oikon Ltd. is subcontracted by engineering companies for large infrastructure design and modelling projects (freeways, power plants, industrial and commercial sites, etc.).

In the foreign markets Oikon has provided services to customers from the UK, Romania and Albania. Also, R&D projects financed from European development stimulation funds (e.g. LIFE third countries) provide Oikon the chance to work in cooperation with the Ministry for Environment Protection and Physical Planning within the EU regulatory framework.

The European Development Fund (i.e. Life third world countries) has authorized OIKON to work within the regulatory framework of EU in cooperation with the Ministry of Environment and Physical Planning.

OUR STAFF

Oikon Ltd. is a company consisting of thirty-six full time employees, which forms the core of basic expertise necessary for project and company management. The Company also employs numerous (more than 200) external consultants from other scientific institutions and academia, from both

Croatia and abroad. Among our staff, there are seven employees with PhD degrees, two with MSc degrees, twenty five postgraduates, two with bachelor's degrees in Science and seven with high school. Our staff's academic backgrounds are very diverse and interdisciplinary, including biology/ecology, forestry, physics, chemistry, geology, mathematics, metallurgy, IT, landscape architecture, architecture, civil engineering, economy and mechanical engineering.

Among Oikon's employees, there are 9 research scientists registered with the Ministry of Science and Technology, 4 engineers registered with the Croatian Chamber of Architects and Engineers (architect, civil engineer, landscape architect and mechanical engineer), 5 certified Croatian Chamber of Forest and Wood Technology Engineers, 4 certified project managers (certificates issued by the Project Management Institute, USA), 1 certified project leader in chemical engineering research and exploitation for gas and oil, 2 MCTS (Microsoft Certified Technology Specialists), 2 MCITP-Microsoft Certified IT Professionals, 2 MCAD - Microsoft Certified Application Developer and 2 MCP - Microsoft Certified Professional.

Oikon's staff has, other than performing their regular duties, published several dozens of professional research papers on natural sciences at an international level and has participated in over a hundred science congresses and professional scientific conferences.

COMPANY POLICY

Our vision: to become the region's leading Consultancy Company in the area of applied ecology whose scientific development and engineering solutions greatly contribute to the upbuilding of human society in harmony with nature. In firm belief in the attainability of that vision and determined to work in the aspiration of that goal, we, Oikon Ltd. - Institute for Applied Ecology maintain and develop a efficient, great, and innovative business system that allows the creation and application of knowledge necessary for environmental protection and sustainable management of natural resources, and the conservation of nature and cultural heritage. That is our goal. All activities undertaken for the fulfillment of our mission are based on the following principles and values:

- We believe in and encourage success founded on knowledge and the innovativeness of our employees and business partners
- Our relationships with users, business partners and employees are honest, open and transparent,
- In our company environment, we work diligently, as a team, merriment and goal oriented
- Our business results and customer satisfaction are indicators of our work
- In our work, we absolutely respect national laws and bylaws, as we do international treaties and recommendations from our area of expertise, and we encourage our partners and users likewise
- We continuously encourage our employees to have a responsible attitude towards the nature protection and the environment and sustainable use of natural resources
- We support socio-economical development based on ecologically sustainable principles and socially responsible business.

Persistent improvement of effectiveness and excellence our existing business system in compliance with the requirements of HRN EN ISO 9001:2000 and HRN EN ISO 14001:2004 standards, as with the creation of new knowledge and their application in the achievement of quality and functional solutions for our users, is our strategic goal.

Oikon has acquired current results with knowledge, skills, innovativeness and experience of its staff and business partners, and with the dedication to the quality of its services and products. Our priority strategy is to continue with team work in an encouraging environment of experience and youth that creates a synergy of inter and multi-disciplinary approach and with continuous investment in learning and exchange of acquired knowledge.

During the first fourteen years of existence, on the value bases of our policy, we've built one of the largest companies dedicated to applied ecology in this part of Europe. Our staff is acquainted with company policy and they are required to perform in accordance to it in all of their professional activities. Values and principles on which that policy is based on, is promoted amongst our subcontractors and business partners, as well the wider public. The same policy will be carried out in the future, determined in our further development, to be a model to others doing similar work, and to contribute to ecologically sustainable development of the wider society.

QUALITY ASSURANCE

Oikon Ltd. - Institute for Applied Ecology dedicates special attention to quality assurance and quality control in its work and production processes. The best indicator of success in implementation procedures related to the quality of our products and services is the large number of clients that continuously come back to us with new requests and projects.

ISU - Integrated management system

While performing its work Oikon applies **Integrated management system for quality, environment, occupational health and safety** harmonized with international standards **ISO 9001:2008, ISO 14001:2004*** and **OHSAS 18001:2007** in the following activities:

- research, engineering and consulting in environmental and nature protection,
- renewable energy management and
- natural resource management.

Certified judgment of Oikon's Integrated management system was implemented by the Swiss company **SGS Société Général de Surveillance SA, Zurich**.

Project management

Certified project leaders/managers (PMI - Project Management Professional - PMP), certified according to the methodology of international organisation of project managers - **Project Management Institute** (www.pmi.org) are also certified, within their accreditation, for knowledge and competency in project leading and management according to the **ISO 17024** standards.

Forestry

For the consultancy services Oikon possesses "Statement of compliance with Principle 7" to confirm that Forest Management Plans produced by Oikon are in compliance with Principle 7 according to the conditions of **Forest Stewardship Council A.C.**

Certified judgement of Oikon's work on Forest Management Plans was implemented by the company **EcoSylva Ltd.** according to the **Woodmark** standard produced by **Soil Association Certification Ltd.**
The Code of Business Ethics

On February 8th 2010 Oikon Ltd. signed the Code of Business Ethics, initiated and created by the Croatian Chamber of Commerce. In that way Oikon confirmed its determination to manage projects in a socially responsible way.

LICENCES

The following licenses of compliance for the performance of professional environmental protection and physical planning services have been issued to OIKON Ltd. by the **Ministry of Environmental Protection, Physical Planning and Construction**:

I.) Performance in the field of nature protection relating to professional activities
(Class: UP/I 351-02/10-08/111; Reg. No: 531-14-1-1-06-10-4;

Consent duration: 30/12/2010. - 30/12/2013.) :

1. Development of strategic studies on major assessment of the acceptability plans and programs for the ecological network;
2. Development of project reports on previous major eligibility assessment plans and programs for the ecological network;
3. Development of project reports on previous major eligibility assessment operations for the ecological network;
4. Development of study on major eligibility assessment operations for the ecological network;
5. Preparation and processing of documentation for the implementation of the process of determining the prevailing public interest and compensation conditions according to special regulations in the field of nature protection;
6. Development of nature protection programs, management and action plans, also reports on nature protection state
7. Development of study on assessment of introduction risks, the reintroduction and cultivation of wild species
8. Monitoring states in the field of nature protection related to the professional development of studies on the influence of operations on the environment, development of study on major eligibility assessment operations for the ecological network, also the preparation and processing of documentation for the implementation process of determining the prevailing public interest and compensation conditions according to special regulations in the field of nature protection;

II) Performance of professional environmental protection tasks

(Class: UP/I 351-02/10-08/133; Reg. No: 531-14-1-1-06-10-2; consent duration: 27/09/2010. - 27/09/2013.) :

1. Development of strategic studies;
2. Development of study on the influence of operations on the environment, including tasks of preparation and processing documentation with review request about the necessity of evaluating the influence of operations on the environment and tasks of preparation and processing documentation along with a request for issuing instructions on the content of the study
3. Project report on environmental protection relating to operations where an evaluation of environmental impact is not mandatory, including a project report on environmental recovery
4. Development of proposals on product group standards
5. Project report on compliance with product standards in the environmental label award process
6. Development report on security which includes development of internal plans
7. Development, including tasks of producing remediation programs and tasks of developing studies on the removal of environmental damage and threatening dangers
8. Development, revision (verification) and monitoring analysis of individual tasks and groups of tasks from the field of environmental protection and for the needs of the Pollution Registry

III.) Performance of professional environmental protection tasks

(Class: UP/I 351-02/10-08/197; Reg. No: 531-14-1-1-06-10-2; consent duration: 02/11/2010. - 02/11/2013.) :

1. Development of action plans on environmental protection, or action plans for protection of environmental components (air, land, sea, etc.) and pollution control (waste management, etc.)
2. Development of environmental protection program
3. Preparation of reports on the state of the environment
4. Monitoring the situation in the field of environmental protection - sampling, testing, measurements, etc. for the protection of individual components of the environment and protection of over burdening, except for tasks of monitoring air quality and air emissions

**IV.) Performance of professional environmental protection tasks
(Class: UP/I 351-02/10-08/222, Reg. No: 531-14-1-1-06-10-2;
consent duration: 16/11/2010. - 16/11/2011.):**

1. Development of technological solutions for installations in relation to integrated environmental protection which includes developing studies on technical and technological solutions for installations in relation to integrated environmental protection and the preparation and processing of documentation related to the request for establishing protection requirements including the preparation of analysis and study report that preceded the request

**V.) Performing professional environmental protection tasks
(Class: UP/I 351-02/10-08/110; Reg. No: 531-14-1-1-06-10-2,
consent duration: 29/09/2010. - 29/09/2013.):**

1. Development of technological solutions for installations in relation to integrated environmental protection that includes study report on technical and technological solutions for installations in relation to integrated environmental protection and the preparation and processing of documentation related to the request for establishing protection requirements including the preparation of analysis and study that preceded the request

**VI.) Performing professional environmental protection tasks
(Class: UP/I 351-02/10-08/83, Reg. No: 531-14-1-1-06-10-4,
consent duration: 10/12/2010. - 10/12/2013.):**

1. Preparation of special studies and reports for the environmental components; development budget report (inventory) emissions of greenhouse gases and other emissions of pollutants into the environment; development budget projections for the components of the environment and report on the implementation of policies and measures

**VII) Conducting energy audits and energy certification of buildings
(Class: UP/I -360-02/10-18/97; Reg. No: 531-01-10-6, consent duration: 15/11/2010. - 15/11/2013.):**

- Conducting energy audits of residential and non-residential building with a simple technical system;
- Energy certification of residential and non-residential building with a simple technical system;
- Conducting energy audits of residential and non-residential buildings with complex technical system in part related to mechanical part of the technical building systems and systems of automatic regulation and management of technical building systems;
- Energy certification of residential and non-residential buildings with complex technical systems

VIII) Preparation of detailed plans and technical basis for issuing location permits

(Class: UP/I-350-02/04-07/08; Reg. No: 531-09-04-2/BV)

The Ministry of Science, Education and Sports has issued the Certificate of registration in the Register of scientific organizations of the Ministry of Science, Education and Sports under number 0273 in the scientific fields: natural sciences and biotechnology (Class: UP/I 640-02/03-10/10; Reg. No: 533-12/800-03-3, since 10/15/2003.) to Oikon Ltd.

The following licenses were issued to Oikon Ltd. by the **Ministry of Culture**:

- 1) Habitat mapping in the special ornithological reserve „Krapje Đol“ and surrounding area within the Nature Park “Lonjsko polje” (Class: UP/I-612-07/10-33/818; Reg. No. 532-08-02-02/1-10-02, consent duration: 08/2010 - 08/2011);
- 2) Capturing, radio-collar tagging and telemetric monitoring of wolves (*Canis lupus*), lynx (*Lynx lynx*) and wild cats (*Felis silvestris*) on Croatian territory (including protected areas) within the scientific research programs of the Institute entitled "Anthropogenic impacts on terrestrial macrofauna with a focus on protected taxa in the Republic of Croatia ZIN2/08" (Class: UP/I-612-07/10-33/0654; Reg. No: 532-08-01-01/1-10-02, consent duration: 25/05/2010. - 31/05/2011.);
- 3) Research and monitoring populations and habitats of species *Spermophilus citellus* - *tekunica* on Croatian territory (Class: UP/I-612-07/10-33/0409; Reg. No: 532-08-01-01/3-10-02; consent duration 012/04/2010.- 20/04/2011.);
- 4) Inventorying and monitoring of bats on Croatian territory in connection with the preparation of environmental impact studies, impact assessment of the nature, projects, inventory and manufacturing management plans and other projects for which it is necessary to conduct research (Class: UP/I-612-07/10/10-33/0242; Reg. No: 532-08-01-01/3-10-02; consent duration: 09/03/2010. - 20/03/2011.);
- 5) Inventorying, tagging and monitoring of brown bears (*Ursus arctos*) on Croatian territory (including protected areas) within the Project "Anthropogenic impacts on land markrofauna with focus on the protected taxa in the Republic of Croatia" (Class: UP/I-612-07-/11-33/0015; Reg. No: 532-08-01-01/3-11-02; consent duration: 19/01/2011. - 19/01/2012.)
- 6) Research and monitoring of wild animals on the wildlife overpasses within its own program called "Anthropogenic impacts on land markrofaunu with a focus on protected taxa in Croatia - ZIN2/08", through two projects: Monitoring of wildlife crossing"on routes II, III and IV. of the gas systems of Lika and Dalmatia" financed by "Croatian Motorways Ltd.", for the purpose of monitoring the state and efficiency of the wildlife crossing (Class: UP/I-612-07/11-33/0188; Reg. No: 532-08-01-01/1-10-02, consent duration: 04/03/2011. - 31/03/2011.)
- 7) Research of flora and fauna around the area of the Mirna River and its tributaries "Bracana, Drage, Rečica and Butonige" within the project "Defining environmentally acceptable flow of Mirna River" financed by "Hrvatske vode". (Class: UP/I-612-07/10-33/0141, Reg. No: 532-08-01-01/3-10-02; consent duration: 22/02/2011. - 22/02/2012.);
- 8) Speleological research to determine pre-existing condition of caves discovered during construction of the main high pressure gas-pipeline systems of Lika-Dalmatia (Sections II and III) and Pula-Karlovac (gas-pipelines Vodnjan-Umag and Kukuljanovo-Omišalj) and reconnaissance of the main high pressure gas-pipeline system of Lika-Dalmatia (Sections IV) to determine existence of caves and their habitat value for speleofauna, as well as to define measures for their protection (Class: UP/I-612-07/09-33/0787, Reg. No. 532-08-02-03/1-09-2)

The following licenses were issued to Oikon Ltd. by the **Ministry of Regional Development, Forestry and Water Management**

- 1) In the study of brown bears (*Ursus arctos L.*) in the space of his dwelling, capturing a bear in a way that does not injure him, tagging with radio-transmitters, and telemetric monitoring (Class: UP/ I-323-03/11-01/10; Reg. No: 538-08-1/0169-11-2; consent duration: 20/01/2011. - 31/12/2011.);
- 2) In the study of golden jackals (*Canis Aures L.*) in the area of their presence, capturing golden jackals in a way that it does not injure them, tagging with radio transmitters and telemetric monitoring (Class: UO/I-323-03/11-01/9; Reg. No: 538-08/09-11-02; consent duration: 20/01/2011. - 31/12/2011.);
- 3) In the study of brown bears (*Ursus arctos L.*) in state hunting No.IX/37 - "VRH JELOVI", setting traps to capture 1 brown bear, the immobilization of the captured bear by injection gun or blower, tagging collar with a radio transmitter and telemetric monitoring (Class: UP/I-323-03/10-01/140; Reg. No.: 538-08/09-10-02; consent duration: 11/10/2010. - 31/12/2010./31/05/2011.)
- 4) In the study of brown bears (*Ursus arctos L.*) in state hunting No.IX/14 - 'NORTH VELEBIT', setting traps to capture 1 brown bear, the immobilization ther captured bear by injection gun or blower, tagging collar with a radio transmitter and telemetric monitoring (Class: UP/I-323-03/10-01/141; Reg. No: 538-08/09-10-02; consent duration: 11/10/2010. - 31/12/2010./31/05/2011.

Croatian chamber of forestry and wood processing engineers issued Oikon Ltd. License No. 0280 for: development of Forest management plans; development of Game management plans; preparation and supervision of silvicultural works; preparation and supervision of works on forest protection from harmful organisms, forest fires and natural disasters; preparation (up to 10.000 m³ of total annual volume) and supervision (up to 20.000 m³ of total annual volume) of timber harvesting works; preparation and supervision of urban forestry works; works on forest ecology and forest biodiversity protection; preparation, implementation and supervision (up to 20.000 m³ of total volume) of timber marking for harvesting works and management of private forests - under the condition to comply to required number of certified engineers by 24th of January 2009, as required by Ordinance on type of forest works, minimal conditions for their implementation and works that could be undertaken by forest owners alone (National Gazette 74/07, 29/08); (Class: UP/I-321-01/08-15/280; - Reg. No. 349-01/07-165/7; since 10/09/2008. - 01/24/2013.)

Oikon Ltd. is registered with **FAO** (Food and Agriculture Organization -UN) consultant organization, under Ref. number 41787/3782.

Considering that OIKON Ltd. applies and implements projects within the Seventh Framework Programme (FP7), after successful registration in European Commission's Unique Registration Facility (URF), Oikon was assigned a Participant Identification Code (PIC) - 998582118. Oikon Ltd.'s UNGM registration number is 180,681 and PADOR identification number is - EuropeAid ID is HR-2009-CFV-2003559291.

MEMBERSHIPS

Oikon Ltd. is registered as a scientific organization number 0273 in the register of scientific research organization of Croatian, which is led by the Ministry of Science and Technology. Oikon g is a member of the following scientific and professional international organizations:

- AmCham (American Chamber of Commerce in Croatia)
- EARS� (European Association of Remote Sensing Laboratories)
- ENDL (European Network of Dendrochronological Laboratories)
- IUFRO (International Union of Forestry Research Organizations)
- UN Global Compact
- Knowledge Intensive Services (KIS) 100 Club

Oikon Ltd. is a co-founder of the following professional organizations:

- Croatian association of nature and environment protection professionals
- Croatian business council for sustainable development

Our employees are individual members of the following scientific and professional national and international organizations:

- American Paleontological Society
- Association for bat conservation “Tragus”
- Croatian association of entrepreneurs
- Croatian association of IT professionals
- Croatian biological society (HBD)
- Croatian biometricians society
- Croatian biospeleological society
- Croatian botanical society (HBoD)
- Croatian cartographic society
- Croatian chamber of architects and engineers in civil engineering
- Croatian diving society (HRS)
- Croatian ecological society (HED)
- Croatian ecosocial forum (ESFH)
- Croatian geodetic society - cartographic section
- Croatian geological society
- Croatian pedological society
- Croatian scientific association for traffic
- Croatian society for chemical engineers and technologists (HDKI)
- Croatian society for neuro-science
- Croatian society for operational research
- Croatian society for organisational learning (HDOU)
- Croatian society for protection of Air
- Croatian society for protection of waters
- Croatian society for simulation modeling
- Croatian society of oil engineers (HUNIG)
- Croatian society of speleo-divers (HSRD)
- Croatian speleological federation - Speleological club Samobor
- European Archaeological Association
- European Landscape Architecture Student Association (ELASA)
- European marine interdisciplinary network (EMIN)
- European Quaternary Mammal Research Association (EUROMAM)
- Institute of Foresters of Australia
- International Association for Impact Assessment (IAIA)
- International Association of Landscape Ecology (IALE)
- International Working Group on Medical Geology
- National Geographic Society
- New York Academy of Science
- Ostalpin-Dinarische Gesellschaft für Vegetationskunde
- PA USA
- Petroleum Environmental Research Fund (USA PERF)
- Project Management Institute
- PMI chapter Zagreb, Croatia
- Scientific council for oil HAZU-oil mining section
- Scientific council for remote sensing and photo interpretation HAZU
- *Societas herpetologica slovenica*

- Society for protection and study of amphibians and reptiles of Croatia «Hyla»
- Society of Petroleum Engineers (SPE)
- State committee for spatial planning and environment protection
- UN/ECE Convention on Long - range Transboundary Air Pollution Mapping - ICP Vegetation
- UNEP Chemicals - The Global Mercury Assessment Working Group

PRODUCT REPRESENTATIONS

Although Oikon Ltd. is primarily oriented to providing services in applied research and consulting, we have decided to enable Croatian and other South-east European markets access to carefully selected software solutions and equipment from leading developers through the representation of their products. We would like to highlight that our orientation in this activity is to provide «high-end» software solutions and equipment that are mostly analytical and predictive tools, which aid responsible decision making in nature and environment protection. We only offer tools that we have tested in our work!

ITT Visual Information Solutions

ITT Visual Information Solutions (www.ittvis.com) is a producer of high-end software solutions for data analysis and visualization in medicine, remote sensing, research and development and in academic circles. Their flagship products are IDL (object oriented programming language for data analysis and visualization) and ENVI (remote sensing application for analysis of satellite and aerial photo images). Today, RSI is the fastest growing company in the world (with products from subject area) with more than 200.000 users ranging from NASA to ESA, and from various universities to many research institutes.

3DNature LLC

3D Nature LLC (www.3dnature.com) is a leading producer of software solutions for photo realistic 3D landscape visualization fully based on real data about terrain, it's cover, existing and planned infrastructure, etc. 3D Nature LLC develops and supports it's two leading products "World Construction Set" and "Visual Nature", as well as, the whole set of additional applications which enable more productive use of mentioned applications or expand their capabilities. 3DNature software solutions are used in cartography, civil engineering, spatial planning, GIS, forestry, natural resource management, scientific visualizations, park design and other landscape planning applications.

Lakes Environmental Software

Lakes Environmental Software (www.weblakes.com) is a producer of robust software solutions for Air pollution modelling developed for use by consulting companies, industry, government agencies and academic circles. Introduction of Lakes graphic interfaces revolutionized the use computer models, while their leading solution for Environmental risk analysis is still on the cutting edge among similar solutions. Software solutions developed by Lakes Environmental Software are being continuously technologically improved and aligned with the progress in relevant scientific fields.

Topsonic Systemhaus GmbH

Topsonic GmbH (www.topsonic.de) is a leading world manufacturer of airport noise measurement and modelling systems (Airport Noise Monitoring and Flight Track Monitoring Systems). It specialized in development, installation and sales of integral noise measurement and modelling systems, using the most advanced technologies, selling it in configurations adapted to the customer needs. Topsonic's stationary and mobile systems have been installed in more than 70% German airports, as well as in numerous airports across Europe and worldwide.

AWARDS AND ACKNOWLEDGEMENTS

On the occasion of the World Environment Day 2000, Oikon Ltd. received **acknowledgement** from Ministry of Environmental Protection and Physical Planning for achievement in environmental protection, in the field of agriculture and forestry, for specialist study „Hydroelectric power plant

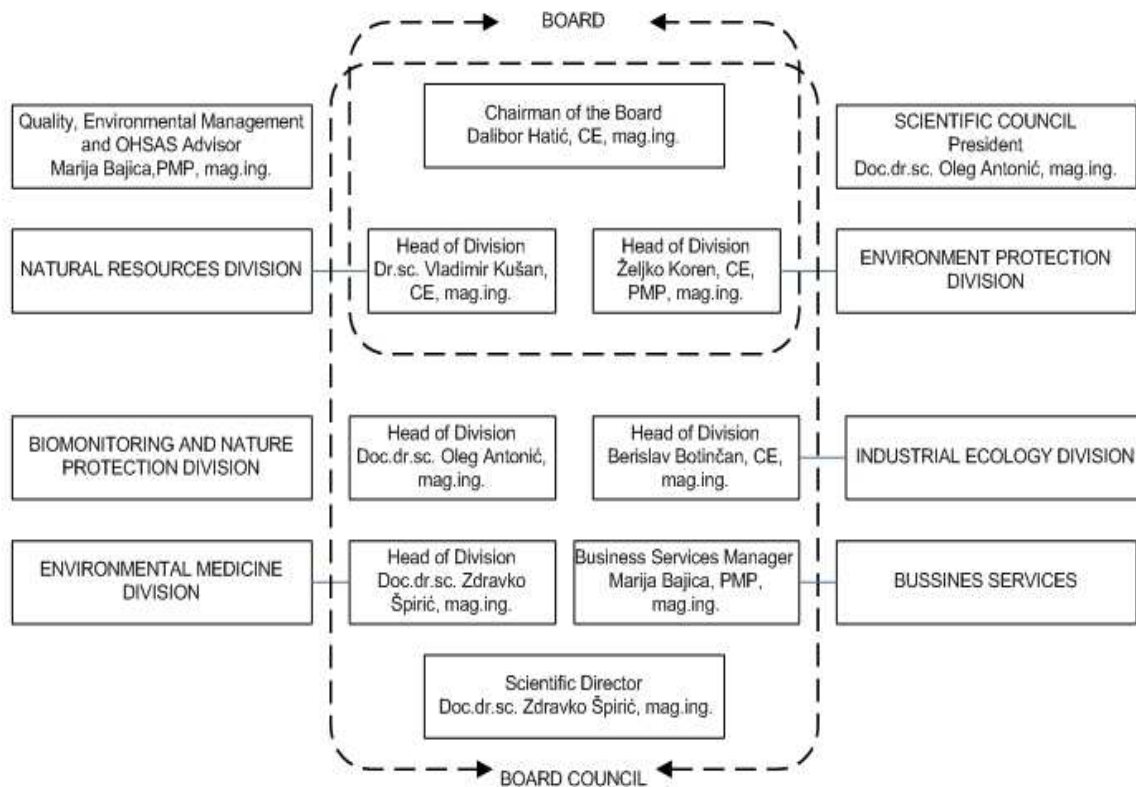

”Novo Virje”: Groundwater regime acceptable for forest survival after the building of the hydroelectric power plant”.

In the year 2009, Marija Bajica, PMP, received from Project Management Institute - PMI chapter Zagreb, Croatia, **acknowledgment** for the professional approach and obtained results in project management in the year 2008, for the project “Inventory and Sustainable Use of Landscape Diversity in Project Demo-Sites”.

At the closing ceremony of the Project “Index of CSR” (corporate social responsibility) Oikon Ltd. was awarded the **prize** for corporate social responsibility in the year 2009 in the category of small enterprises. The Project “Index of CSR” was initiated by Croatian Chamber of Commerce and Croatian Business Council for Sustainable Development, with the support of the UNDP office in Croatia and AED, to develop methodology for evaluation of CRS practices of Croatian companies.

EMPLOYEES

Organisation Chart

Organisation Chart - Oikon Ltd. - Institute for applied ecology

Employee list

No.	NAME AND SURNAME	PROFESSION	POSITION	YEARS OF WORKING
1	KARMEN ANDRAŠIĆ-ANTONIĆ	Assistant	Associate, Business services	14
2	MARIJA BAJICA	Mathematician mag.math.et inf., PMP	Business services manager, Business services	31,2
3	TENA BIROV	Landscape architect mag.ing.prosp.arch., CE	Associate, Biomonitoring and environment protection division, Department for landscape architecture	4,5
4	BOJANA BORIĆ	Metallurgical engineer mag.ing.met.	Associate, Environment Protection division, Department of Industrial Ecology	1,8
5	BERISLAV BOTINČAN	Mechanical engineer mag.ing.mech., CE	Head of industrial ecology division, Industrial ecology division	34,4
6	ŽELJKO ČUČKOVIĆ	Informatician univ.bacc.inf.	Associate, Environment protection division	6
7	STJEPAN GOJAK	Forestry engineer mag.ing.silv	Associate, Environmental Protection Division	5,1
8	SANJA GRGURIĆ	Mag.phys.et.geophys M.Sc., PMP	Senior Research Associate for EU Programs, environmental Protection division	13,2
9	ZORAN GRGURIĆ	Forestry engineer mag.ing.silv., CE	Associate, Biomonitoring and nature protection division	10,5
10	GORAN GUŽVICA, PhD.	Geologist PhD. in Geology/Paleontology	Senior Associate, Biomonitoring and nature protection division	21,1
11	TOMI HARAMINA, PhD.	Physicist PhD. in Physics, PMP	Senior Associate for EU Programs, Environment protection division	12,2
12	DALIBOR HATIĆ	Forestry engineer mag.ing.silv, CE	President of the Board	24,0
13	DRAŽEN HORVAT	Forestry engineer mag.ing.silv	Associate, Environmental Protection Division	6,6
14	DANIELA KLAJČ JANČIJEV	Biologist/ecologist mag.oecol.et prot.nat.	Project manager, Environment protection division	15,10
15	FANICA KLJAKOVIĆ-GAŠPIĆ	Biologist/ecologist mag.oecol.et prot.nat.	Associate, Biomonitoring and nature protection division	5
16	ŽELJKO KOREN	Civil engineer mag.ing.aedif., CE, PMP	Member of the Board, Head of Ecological engineering division, Environment protection division	25,9
17	VLADIMIR KUŠAN, PhD.	Forestry engineer PhD. in Forestry, CE	Member of the Board, Head of natural resources division, Natural resources division	31,4
18	UNA KUŠAN, PhD.	mag.ing.arch, dr.sc., M.Sc. in Applied Mathematics	Senior Associate in Traffic Modelling division, Nature protection division	3,2
19	ZRINKA MESIĆ PhD.	Biologist/ecologist Mag.oecol.et.prot.nat	Senior Associate, Biomonitoring and nature protection division	10,1
20	ANDRIJANA MIHULJA	Forestry engineer mag.ing.silv., C.E.	Senior Associate, Natural resources division,	11,2
21	MIROSLAV NERATH	Tool technician	Associate, Business services	31,5
22	ANA ĐANIĆ	Biologist/ecologist mag.oecol.et prot.nat.	Associate, Biomonitoring and nature protection division	3,4
23	ELENA PATCEV	Biology/Chemistry Professor	Associate, Biomonitoring and nature protection division	4
24	HRVOJE PETERNEL PhD.	Biologist/ecologist PhD. in Biology/Ecology	Senior Associate, Biomonitoring and nature protection division	10,1
25	MEDEJA PISTOTNIK	Biologist/ecologist mag.oecol.et prot.nat., PMP	Project manager, Environment protection division	9,8
26	ALEKSANDAR POPIJAČ PhD.	Biologist/Ecologist mag. oecol.et.prot.nat	Senior associate, Biomonitoring and nature protection division	13,2
27	MARKO PREBEG	Forestry engineer mag.ing.silv	Associate, Natural Resources Division	2,11
28	SUNČANA RAPIĆ	Landscape architect mag.ing.prosp.arch.	Associate, Biomonitoring and nature protection division, Department for landscape architecture	4,4

COMPANY PROFILE

29	VANJA SATINOVIĆ	Civil engineer mag.ing.aedif.	Associate, Environment protection division	2,7
30	JOSIP ŠABAN	mag.ing.comp.	Associate, Business services	7,2
31	BOŽICA ŠORGIĆ, PhD.	Chemist PhD. in Chemistry	Senior Associate, Industrial ecology division	16,4
32	ZDRAVKO ŠPIRIĆ, PhD	Chemical engineer Mag.ing.chem	Institute Director, Department of Environmental Medicine	30,10
33	VIŠNJA ŠTEKO	Landscape architect mag.ing.prosp.arch.,CE	Senior Associate, Biomonitoring and nature protection division, Department for landscape architecture	9,7
34	SINIŠA TKALČEC	Mathematical technician Back.ing.techn.inf	Senior Associate, Business services	10,1
35	TIHOMIR ŽALIG	Mathematical technician Back.ing.techn.inf	Senior Associate, Business services	17,5
36	STJEPAN ŽELJEZIĆ	Electro-mechanical technician	Associate, System administrator, Business services	6,9

Expert structure of employees

Agronomy:	3 with university degree, 2 CE landscape architects
Biology-ecology:	7 with university degree, thereof 3 PhD.
Chemical Engineering:	1 with university degree, thereof 1 with PhD.
Chemistry:	1 with university degree, thereof 1 with PhD.
Civil Engineering:	2 with university degree, 1 certified civil engineer
Eco Engineering:	1 with university degree
Forestry:	7 with university degree of which 4 CE, 1 PhD.
Geology:	1 with university degree, thereof 1 with PhD.
Informatics:	2 with university degree
Mathematics:	2 with university degree, 1 with PhD.
Metallurgy:	1 with university degree
Mechanical Engineering:	1 with university degree, 1 certified civil engineer
Physics:	2 with university degree, thereof 1 with PhD., 1 Mr.sc.
Other:	1

Doctors of Science: 9 (geology 1, chemical engineering 1, chemistry 1, biology 3, forestry 1, physics 1, applied mathematics 1)

Master of Science: 1 (Environmental Protection Technology)

Registered research scientists

Gužvica Goran, 189965, PhD.
Haramina Tomi, 290886, PhD.
Kušan Vladimir, 137004, PhD.
Mesić Zrinka, 321596, PhD.
Peternel Hrvoje, 306996, PhD.
Šorgić Božica, 213170, PhD.
Špirić Zdravko, 162660, PhD.
Aleksandar Popijač, 232950, PhD.

Management Plans of protected nature areas

1. 2011 - Preparation of the Management Plans for Kozara Nacional Park, Janj and Lom protected areas and preparation of an update of the Management plan for Sutjeska National Park, Financier: Ministry of Physical Planning, Civil Engineering and Ecology of the Republic of Serbia
2. 2011 -Preparation of study for Management Plans for the protected natural value of the Vjeternica cave and for part of Popova fields in the Ravno municipality, in cooperation with: IGH - Mostar Ltd., Financier: Ravno municipality, Bosnia and Herzegovina.
3. 2010 - Preparation of management plans for Blidinje Nature Park. Financier: Federal Ministry of Environment and Tourism in Bosnia and Herzegovina.

Specialist Studies

1. 2012 - Sectoral studies Pedological features (forest areas) and Current state of forest ecosystems for the purpose of Impact Assessment of Multipurpose hydrotechnical system for regulation of environmental waters and lands in Osijek, Financier: Osijek-Baranja County
2. 2012 - Service aquisition upgrade of existing CORINE database, validation of thematic database generated by interpretation on satellite images and WEB GIS browser creation, Financier: Environmental Protection Agency
3. 2012 - Study on Pedological characteristics of Marjan Forest Park in Split Pedološke karakteristike park šume Marjan u Splitu, Financier: Split - Dalmatia County
4. 2012 - State of Environment Report - Zadar County, Financier: Zadar County
5. 2012 - Infrastructure Projects Facility Technical Assistance Window (IPA TA) - (EuropeAid/128073/C/SER/MULTI), Feasibility Study and EIA&SIA: Ionian - Adriatic Pipeline, Financier: Dvokut-Ecro d.o.o., Investor: COWI-IPF Joint Venture
6. 2012 -Infrastructure Projects Facility Technical Assistance Window (IPA TA) - (EuropeAid/128073/C/SER/MULTI) LNG RV Conceptual Solution, Feasibility Study and EIA/SIA and Conceptual Design, Financier: COWI-IPF Joint Venture
7. 2012 - Investigation works for assessment of HE Ombla for the ecological network - Impact assessment of construction of HE Ombla on bat fauna: Elektroprojekt JSC
8. 2012 - Life cycle Assessment for pre-defined material / Ten types of noise barriers, including RUCONBAR, Financier: University of Civil Engineering, Zagreb
9. 2012 - EU Natura 2000 Integration Project - consulting services for environmental assessment no. MENP/NIP/SSS/11/04, Financier: Ministry of Environment and Nature Protection
10. 2012 -COASTAL CITIES WATER POLLUTION CONTROL PROJECT 2 IBRD Loan No. 7640/HR - HV/SSS/GEF-C3: Consulting Services for Environmental Impact Assessment & Monitoring Program of 2 Wastewater Treatment Plants, Financier: Hrvatske vode
11. 2011 - Preparation of feasibility study „Analysis of possible agricultural biomass production in the Zagreb County area for the production of biogas“, Financier: Zagreb County
12. 2011 - Preparation of feasibility study and Project Application for: Sewerage and purification of wastewater agglomerations Varazdin, Financier: Hrvatske Vode
13. 2011 - Preparation of land cover and land management study of Primorje Gorski Kotar County based on database CORINE LAND COVER for Croatia for the years: 1980, 1990, 2000, and 2006. Financier: Public Institution for Spatial Planning Primorje Gorski Kotar County
14. 2011 - Preparation of environmental studies for the project of rehabilitation of the coastal zone in Starigrad-Paklenica in the length of approx. 600 m, Financier: Starigrad County
15. 2010 - Defining environmentally acceptable flow of Mirna River, Financier: Hrvatske vode
16. 2010 - EU IPA 2007 - TAIB/TAF: Identification and setting-up of the marine part of Natura 2000 network in Croatia - marine NATURA 2000 (Republic of Croatia) Project No: 2007-0404-010901 IPA

- 2007, Client: The State Institute for Nature Protection, Collaboration: NIRAS IC Sp. z o.o. i Orbicon Orbicon I Leif Hansen A/S
17. 2010 - EU Natura 2000 Integration Project (NIP) - Environmental Assessment and Development of a Resource Access Restriction Process Framework No. MOC/PPA/CQ/10/01, Financier: Ministry of Culture (Project Preparation Facility Advance from the International Bank for Reconstruction and Development (IBRD))
 18. 2010 - Preparation of feasibility study for protected natural value cave of Vjetrenica and part of Popovo polje area in Municipality of Ravno, Financier: Municipality of Ravno
 19. 2010 - Analysis of the possibilities of building solar power plants in Primorsko-goranska county, Financier: Public Institution „Institute for Physical Planning of Primorsko-goranska county“
 20. 2010 - Investigation works on potential locations for Zagreb County waste management center, Financier: Zagreb County
 21. 2010 - Framework agreement: Development of register of environment pollution; Financier: Ministry of Defence of Republic of Croatia
 22. 2009 - World Bank Project „A Study of Best Practices in Financing Protected Areas in Croatia“, Financier: ERM Ltd. (UK)
 23. 2009 - Site suitability evaluation for white fish farming north from the island of Plavnik, Financier: Labrax adria Ltd.
 24. 2009 - Analysis of data on underground water quality in Zagreb area, Financier: Faculty of Mining, Geology and Petroleum Engineering
 25. 2009 - Development of program for investigation works on potential locations for Zagrebačka county waste management center, Financier: Zagreb County
 26. 2009 - Development of private owned forests management model and assessment of market potential for private owned forests management services, Financier: PRO SILVA Ltd.
 27. 2009 - Development of bathymetry model in Croatian territorial waters of Adriatic Sea in spatial resolution 300 x 300 m, based on the available naval maps, Financier: D.I.I.V. Ltd.
 28. 2009 - Addendum of EIS for multipurpose channel Danube - Sava; monitoring in forest ecosystems, Financier: Agency for Inland waterways, Vukovar
 29. 2009 - CROATIA - Conservation and sustainable use of biodiversity in the Dalmatian coast trough greening coastal development - COAST; UNDP-GEF Project 00050301 - component: Integration of the National Ecological Network and Natura 2000 in coastal area management - LOT 1: More detailed elaboration of NEN: proposals for integration of nature protection measures into physical plans and proposals for sustainable use, Collaboration: Faculty of Science, Financier: UNDP
 30. 2009 - CROATIA - Conservation and sustainable use of biodiversity in the Dalmatian coast trough greening coastal development - COAST; UNDP-GEF Project 00050301 - component: Integration of the National Ecological Network and Natura 2000 in coastal area management - LOT 2: Support to SINP on introduction of NIA practices in coastal areas, Collaboration: Faculty of Science, Financier: UNDP
 31. 2009 - CROATIA - Conservation and sustainable use of biodiversity in the Dalmatian coast trough greening coastal development - COAST; UNDP-GEF Project 00050301 - component: Integration of the National Ecological Network and Natura 2000 in coastal area management - LOT 3: Inventarisation and mapping of Natura 2000 habitat types of natural beaches in Dalmatia, Collaboration: Faculty of Science, Financier: UNDP
 32. 2009 - Coastal cities water pollution control project IBRD 7226/HR and Croatia coastal nutrient reduction project GEF component to support the implementation of the coastal cities water pollution control project: Environmental impact assessment and monitoring program of 3 wastewater treatment plants (Poreč-Materada, Cres and Opuzen), Collaboration: Faculty of civil engineering (University of Zagreb), Financier: Hrvatske Vode (Croatian water management entity)
 33. 2008 - Technical Assistance for management and protection of potential NATURA 2000 sites in the northern part of Cyprus (EuropeAid/125695/C/SER/CY), Collaboration: NIRAS IC Sp. z o.o. (PL), NEPCon (DK), GOPA Consultants (DE), Financier: European Commission DG Enlargement Unit A3 (Task Force for the Turkish Cypriot community)
 34. 2008 - PHARE 2005 „Vessel Traffic Management Information System“Europeaid/119444/SV/HR , Collaboration: Thetis S.p.A., Financier: Ministry of finance
 35. 2008 - Site suitability evaluation of little power plant Primišlje on Korana River, Financier: GEP-AE Ltd.

36. 2008 - Human Development Report for Croatia - A Climate for Change: Climate change and its impacts on society and economy in Croatia (Selected chapters), Financier: UNDP
37. 2008 - Evaluation of spatial data for building areas by satellite image analysis according to the classification standard CORINE in Republic of Croatia, Financier: Croatian Environment Agency
38. 2008 - Acquisition and analysis of sea current data at two locations in Bay of Rijeka, Financier: ADRIA LNG Ltd.
39. 2007 - Baseline study of marine environment in Plomin bay for the needs of EIA for Powerplant Plomin C500, Financier: HEP JSC
40. 2007 - Assessment of required data, development of criteria and methodology for building of solar power plants in Republic of Croatia, Financier: HEP obnovljivi izvori energije Ltd. (HEP Renewable Energy Sources)
41. 2007 - Strategic assessment of energy potential of privately owned forests in Republic of Croatia as a source of biomass for energy production, Financier: HEP - obnovljivi izvori energije Ltd. (HEP Renewable Energy Sources)
42. 2007 - Risk assessment from traffic and winter services on motorway Zagreb - Lipovac for surface and pore water quality in forest complex Spačva, Financier: Croatian Motorway Authority
43. 2007 - Implementation of CORINE Land Cover - CLC2006 in the West Balkan Countries, Collaboration: GeoVille Environmental Services Sarl, Financier: European Environmental Agency
44. 2007 - Site suitability evaluation of wind-farms developments in terms of the nature protection, Financier: HEP - obnovljivi izvori energije Ltd. (HEP renewable energy sources)
45. 2007 - Site suitability evaluation of wind-farms developments in terms of the environment protection, Financier: HEP - obnovljivi izvori energije Ltd. (HEP renewable energy sources)
46. 2007 - CROATIA - Conservation and sustainable use of biodiversity in the Dalmatian coast trough greening coastal development - COAST; UNDP-GEF Project 00050301 - component: Terrestrial Biodiversity Mapping - Habitat Mapping, Financier: UNDP
47. 2007 - Analysis of resources and possibilities for building of cogeneration plants based on biomass for area of Gornja Posavina, Financier: HEP - obnovljivi izvori energije Ltd. (HEP Renewable Energy Sources)
48. 2006 - National forest inventory of the Republic of Croatia: Continuation of implementation of national forest resources inventory of the Republic of Croatia and integration of pilot project with the beginning of implementation of national inventory , Collaboration: Faculty of Forestry, Financier: Ministry of Agriculture, Forestry and Water Management
49. 2006 - Channel Danube - Sava: forest component (Revision of original EIS), Financier: IGH JSC
50. 2006 - Channel Danube - Sava: Feasibility study for the construction of VKDS - forest component, Financier: Hrvatske Vode (Croatian water management entity)
51. 2006 - Investigation works with monitoring in forest ecosystems for area of potential impacts of future channel Danube - Sava and design of final report, Financier: Hrvatske vode (Croatian water management entity)
52. 2005 - Waste Management Plan for Šibenik-Zadar Counties, Collaboration: COWI A/S Denmark, Financier: UNDP/UNOPS
53. 2005 - Technical Assistance for Project Preparation of the ISPA Application for a Regional Waste Management Centre "Bikarac", Šibenik, Collaboration: Jacobs GIBB Ltd., Financier: EC
54. 2005 - Technical Assistance for Project Preparation and the Completion of an ISPA Application for the Sewerage System and Wastewater Treatment Plan for the City of Ogulin, Collaboration: Parsons Brinckerhoff Ltd., Financier: EC
55. 2005 - Waste Management Study for Peterkov laz landfill near Čabar, Financier: City of Čabar
56. 2005 - Project LIFE04TCY/CRO000028 "Development of guidelines for the needs of implementation of waste management plan for the Republic of Croatia"; Task 1. item 2: Elaboration of landfill sites (281+), Financier: APO Ltd.
57. 2005 - Evaluation of baseline in bay of Sutomišćica, Financier: Plava Vala Ltd.
58. 2005 - National forest inventory of the Republic of Croatia - Pilot project in district office Senj, Collaboration: Faculty of Forestry, Financier: Ministry of Agriculture, Forestry and Water Management

59. 2005 - **Master plan for closure and remediation of landfills in the counties of Šibenik - Knin and Zadar**, Collaboration: COWI A/S Denmark, Financier: UNDP/UNOPS
60. 2005 - **Expertise in the area of "Impact of Global Climate on Terrestrial Ecosystems - from National Report on Climate Change for the period 1996 - 2003"**, Collaboration: Faculty of Maths and Natural Sciences, Financier: Ministry of Environment, Spatial Planning and Construction
61. 2005 - **Background study "Land cover changes" for the needs of Report about the state of Environment of Republic of Croatia**, Financier: Croatian Environment protection agency
62. 2005 - **Feasibility Study for New Sanitary Landfill in the County of Zadar**, Collaboration: COWI A/S Denmark, Financier: UNDP/UNOPS
63. 2005 - **CARDS 2003 Project "Environmental Impact Assessment (EIA) - Guidelines and Training"** Europeaid/119444/SV/HR, Collaboration: ERM Ltd. (UK), Financier: European Commission
64. 2004 - **Integrated ecosystem management of the Neretva and Trebišnjica river basin project: Technical assistance for "Rapid economic assessment of the competing users of water resources in the Neretva and Trebišnjica river basin (NTRB)**, Financier: Bosnia and Herzegovina, Government of Republic of Srpska, Ministry of spatial planning, Civil engineering and Ecology of Republic of Srpska (financiering IBRD, Grant No. TF-052845, Grant ID: GE-P084608), Collaboration with Institute for Urbanism of the Republic of Serbia.
65. 2004 - **Hydro-accumulation Križ potok: Background studies and provision of layouts necessary for the issuing of the basic permit for the accumulation Križ potok: Study of biological restoration of the accumulation banks**, Collaboration: Hidroinženjering Ltd. Financier: Hrvatske vode (Croatian water mangement entity)
66. 2003 - **Location adequacy assessment for future tuna fish farm located between islets Fulija and Kudica**, Financier: KALI TUNA Ltd.
67. 2003 - **Research of wolf population in Lika region for the purposes of LIFE III Project "Conservation and management of wolves in Croatia"**(LIFE 02/TCY/CRO/014), Financier: Ministry of Environmental Protection and Physical Planning
68. 2003 - **Analysis of the impact on bee keeping of different motorway layout variants for Adriatic motorway, section between Šibenika and Prgomet**, Financier: Croatian Road Authority
69. 2002 - **Background studies of the natural environment for physical plan of Nature Park Vransko jezero**, Financier: Department for physical planning of Zadar County
70. 2002 - **Background studies of the natural environment for physical plan of Nature Park Telašćica**, Financier: Department for physical planning of Zadar County
71. 2002 - **Preliminary geo-morphological analysis of the state territory of the Republic of Croatia for the needs of implementation of new Law about mountainous areas**, Financier: Ministry for public works, reconstruction and building
72. 2002 - **CORINE Land Cover Database for Republic of Croatia**, Collaboration with MEPPP and GISDATA Ltd., Financier: European Commission - Environment DG and Ministry for Environment Protection and Physical Planning
73. 2002 - **Building - up the national ecological network as a part of the pan - European ecological network & the NATURA 2000 network**, Collaboration with MEPPP, Financier: European Commission - Environment DG and Ministry for Environment Protection and Physical Planning
74. 2001 - **Development of preliminary national ecological network as a pre-condition for accession to development of ecological network of extended "Višegrad group"**, Financier: Ministry for Environment Protection and Physical Planning
75. 2001 - **Land covers analysis of the Republic of Croatia for the needs of development of National water management strategy**, Financier: Hrvatske vode (Croatian water mangement entity)
76. 2000 - **Mapping of habitats of the Republic of Croatia**, Financier: Ministry for Environment Protection and Physical Planning
77. 2000 - **Channel Danube - Sava: Design of monitoring in forest ecosystems influenced by planned multipurpose channel Danube - Sava**, Financier: Hrvatske vode (Croatian water mangement entity)
78. 2000 - **Channel Danube - Sava: Groundwater regime acceptable for forest survival after the building of planned multipurpose channel Danube - Sava**, Financier: Hrvatske vode (Croatian water mangement entity)

79. 2000 - Channel Danube - Sava: Meliorative role of planned multipurpose channel Danube - Sava on forest ecosystems in the floodplain, Financier: Hrvatske vode (Croatian water management entity)
80. 2000 - Channel Danube - Sava: Economic analysis of changes in forest ecosystems influenced by planned multipurpose channel Danube - Sava, Financier: Hrvatske vode (Croatian water management entity)
81. 1999 - Work campus Ogulin (Otok Oštarijski): Assessment of the health risk caused by physical environment, Financier: Bechtel International Inc.
82. 1999 - Hydro-accumulation "Križ potok": Load of aero - pollutants in soils of Križ stream catchment and forest health status - pilot study, Financier: Hrvatske vode (Croatian water management entity)
83. 1999 - Hydroelectric power plant "Novo Virje": Groundwater regime acceptable for forest survival after the building of the hydroelectric power plant, Financier: HEP P.O. (Croatian Electricity company)
84. 1997 - Selection of environmentally most acceptable variant of the sewer system of island Rab (cession from Atanor Ltd. - London), Financier: City of Rab

Remote Sensing

1. 2012 - High definition satellite images (southern part of Krk, Goli, Prvić and Ilok, and Lošinj), Financier: Teaching Institute of Public Health, Primorje - Gorski Kotar County
2. 2006 - Development of digital ortophoto with accuracy 1:5000 for the area Mojanka - Kukuzovac - Sinj, Financier: Ekoneg Ltd.
3. 2006 - Supply and ortorectification of satellite photos "ASTER" for the area of Varaždin County, Financier: Hrvatske vode (Croatian water management entity)
4. 2005 - Detailed bathymetry survey and mapping (sea bottom morphology) along the transect area of proposed sea waste water outfall in Novigrad Istarski, Financier: Interplan Ltd.
5. 2005 - Development of digital ortophoto with accuracy 1:5000, and maps with forest types for the whole area of Nature Park Biokovo, Financier: Natural Park Biokovo Authority
6. 2005 - Supply and ortorectification of satellite photos "ASTER" for the purpose of development of the Forest management plan, Financier: Croatian Forest Authority
7. 2005 - Digital ortophoto for road - Popovec - M. Bistrica - Zabok in scale 1:25 000 and 1:5000, Financier: PB Palmotićeve 45 Ltd.
8. 2003 - Stenhouse: Aerial photo interpretation, mapping and GIS database development of forest area, Financier: TILHILL Forestry Ltd. (Scotland)
9. 2003 - Holmhead South: Aerial photo interpretation, mapping and GIS database development of forest area, Financier: TILHILL Forestry Ltd. (Scotland)
10. 2003 - Holmhead North: Aerial photo interpretation, mapping and GIS database development of forest area, Financier: TILHILL Forestry Ltd. (Scotland)
11. 2003 - Digital ortophoto of road D-33 - Tromilja near Šibenik, Financier: Croatian Road Authority
12. 2003 - Digital ortophoto for two roads on Pelješac Island, Financier: PB Palmotićeve 45 Ltd.
13. 2002 - Knockendoch: Aerial photo interpretation, mapping and GIS database development of forest area, Financier: TILHILL Forestry Ltd. (Scotland)
14. 2002 - Glenkin & Ardnadam: Aerial photo interpretation, mapping and GIS database development of forest area, Financier: TILHILL Forestry Ltd. (Scotland)
15. 2002 - Dunans: Aerial photo interpretation, mapping and GIS database development of forest area, Financier: TILHILL Forestry Ltd. (Scotland)
16. 2002 - Cassock Hill: Aerial photo interpretation, mapping and GIS database development of forest area, Financier: TILHILL Forestry Ltd. (Scotland)
17. 2002 - Cassenvey: Aerial photo interpretation, mapping and GIS database development of forest area, Financier: TILHILL Forestry Ltd. (Scotland)
18. 2002 - Bainloch: Aerial photo interpretation, mapping and GIS database development of forest area, Financier: TILHILL Forestry Ltd. (Scotland)

GIS projects and cartography

1. 2012 - GIS processing and Cartography for: Area Definition under influence of natural or other specific restrictions in agriculture with calculations, Financier: Ministry of Agriculture
2. 2011 - Satellite images, Financier: Public Institution Nature Rijeka
3. 2010 - Mapping of habitats of Krapje Dol ornithological reserve and impact zone (accuracy 1:5000), Financier: Nature Park Lonjsko polje
4. 2010 - Project No BA0003.01 „Europe's Living Heart phase III: Project Coordinator“ - habitat mapping of protected area Tajan, Bosnia and Herzegovina, with training of local experts on habitat mapping methodology, Financier: WWF European Policy Programme
5. 2009 - Development of recent vegetation map of Biokovo Nature Park and contact zone in digital form, Financier: Nature Park Biokovo
6. 2007 - Mapping of habitats of Nature Park Medvednica (accuracy 1:25 000) Financier: Nature Park Medvednica
7. 2007 - Mapping of game management units in digital format for the needs of Ministry of agriculture, forestry and water management, Financier: Ministry of agriculture, forestry and water management
8. 2007 - Mapping of all common game management units in Karlovac County in digital format with accuracy 1:25 000, Financier: Karlovačka County
9. 2006 - Field measurement of the parcel contour and calculation of its area at location Zemunik - 1st phase, Financier: Pregrad Ltd.
10. 2006 - Mapping of state and common hunting management units, Financier: Plodovi Bilogore Ltd.
11. 2006 - Mapping of habitats and land use on the project INTERREG IIIA HR-69 KAM, Financier: Nature Park Učka
12. 2006 - Project LIFE05TCY/CRO/000111 “Mapping of habitats and land use” Financier: Nature Park Lonjsko polje
13. 2006 - Mapping of hunting management units, Financier: Zagreb County
14. 2006 - Mapping of game management units in digital format for the needs of Ministry of agriculture, forestry and water management, Financier: Ministry of agriculture, forestry and water management
15. 2006 - Design and implementation of WebGIS interface for the Register of hazardous industrial facilities, Financier: Croatian Environment protection agency
16. 2006 - Tourist map layout design for Nature park Lonjsko polje, Financier: Nature Park Lonjsko polje
17. 2006 - Design of database of damage of forest ecosystems with design and implementation of WebGIS interface, Financier: Croatian Environment protection agency
18. 2005 - Training: GIS in environmental protection II, Financier: Croatian Environment protection agency
19. 2005 - Training: Using GIS-a in forestry, Financier: Ministry of agriculture, forestry and water management
20. 2005 - Addendum of the GIS database of waste disposal locations in Republic of Croatia considering field data from 160 locations within 10 counties; integration of collected data into the Information System in Environment Protection, Financier: Croatian Environment protection agency
21. 2005 - Digitalization of borders and preparation of maps for county hunting areas in digital format and “hard copy” for Ministry of agriculture, forestry and water management, Financier: Ministry of agriculture, forestry and water management
22. 2005 - First class road Popovec - M. Bistrica - Zabok - preparation of cadastre layer, Financier: PB Palmotičeva 45
23. 2004 - Training: GIS in environmental protection, Financier: Croatian Environment protection agency
24. 2004 - Training: Using GIS database of waste disposal locations in Republic of Croatia Financier: Agency for special waste
25. 2004 - Handbook: using GIS in environmental protection (for training purpose), Financier: Croatian Environment protection agency
26. 2004 - Development of GIS database of waste disposal locations in Republic of Croatia, Financier: Agency for special waste

27. 2004 - Addendum of the GIS database of waste disposal locations in Republic of Croatia considering field data from 115 locations within 10 counties; integration of collected data into the Information System in Environment Protection, Financier: Croatian Environment protection agency
28. 2004 - Digitalisation of borders and mapping of state game management units in digital and analogue format for the needs of Ministry of agriculture, forestry and water management, Financier: Ministry of agriculture, forestry and water management
29. 2003 - Development and provision of spatial data about forest resources of Republic of Croatia, Financier: Ministry of Agriculture, Forestry and Water
30. 2003 - Use of GIS in decision making and management in protected Nature areas, course (24.02. - 21.03.), Financier: Nature park Lonjsko polje within the project LIFE 00/TCY/0076-project "Towards Wise Use in Lonjsko polje Nature Park, Croatia"
31. 2003 - "Croatia - Karst Ecosystem Conservation Project - Consulting Services for Biodiversity Studies", Contract n° IBRD/GEF TF N° 050539 HR - Habitat and land cover mapping of 5 national and nature parks, Collaboration: Agriconsulting, Financier: Ministry for Environment Protection and Physical Planning
32. 2003 - Development of Vegetation map of Nature park Žumberak - Samoborsko gorje in digital form with analysis of existing flora and with minimal mapping unit of 2,25ha, Financier: Nature park public administration Žumberak - Samoborsko gorje.
33. 2003 - GIS services for Sustainable development programs of Croatian Islands, Financier: Ministry for public works, reconstruction and building
34. 2003 - Repair of differential GPS system Trimble 4000 Rsi, Financier: Ministry of defence
35. 2003 - GIS overview of Adriatic coast aero-photo database in Department of spatial planning, Financier: Ministry for Environment Protection and Physical Planning
36. 2003 - Digitising Project of West Highland Forest District, Scotland, Financier: TillHill UK
37. 2002 - Technical assistance in GIS and cartographic analysis for the preparation of forest management plan for the management unit Sava, Sisak-Novska, Financier: Mirta Sesevete Ltd.
38. 2002 - GIS overview of geographic database in Department of spatial planning, Financier: Ministry for Environment Protection and Physical Planning
39. 2002 - GIS overview of aero-photo database in Department of spatial planning, Financier: Ministry for Environment Protection and Physical Planning
40. 2002 - Digitising Project of South West Scotland Forest District, Financier: TillHill UK
41. 2002 - Digitising Project of Central Borders Forest District, Scotland, Financier: TillHill UK
42. 2000 - GIS of National Park Krka, Collaboration: Faculty of Science, Financier National Park Krka

IT/GIS projects

1. 2013 - Verification and professional works for the Environmental Pollution Register for Medimurje County 2012, Financier: Medimurje County
2. 2012 - Maintenance of computer programs and databases of 8 stations from the State network for air quality monitoring, Financier: State Hydrological Institute
3. 2012 - Upgrading services for EPR (Environmental Pollution Register) - 3rd development phase and proactive and reactive system maintenance for the next three months since impementation, Financier: Environmental Protection Agency
4. 2012 - Preventive and corrective maintenance of application system „Environmental Pollution Registry“ for 2012, Financier: Agency for Environmental Protection
5. 2012 - Verification and professional services for the needs of The Registry of Environmental Pollution for the area of Medimurska County for the year 2011., Financier: Medimurska County
6. 2011 - Prevention and correction maintenance of application system „Environmental Pollution Registry“ for the year 2011, Financier: Agencija za zaštitu okoliša (Agency for Environmental Protection)

7. 2011 - Management Plan for Neretva and Trebisnjica (Grant No.: TF 091969): Development of information system basin including GIS, equipment and training; Collaboration: Institut za hidrotehniku Sarajevo, Financier: Ministry of Foreign Trade and Economic Relations of Bosnia and Herzegovina in collaboration with Hrvatske Vode
8. 2011 - **Production of reference „ Establishing an integrated management information system in Zadar County“**. Financier: County of Zadar.
9. 2010 - **Register of environment pollution (ROO) - database upgrade**, Financier: Croatian Environment Agency (AZO)
10. 2010 - **Register of environment pollution (ROO) - technical support**, Financier: Croatian Environment Agency (AZO)
11. 2009 - **Design and implementation of presentation layer for the Fleet management system using Microsoft data vizualization solutions**, Financier: (Ecotech)
12. 2008-2009 - **Design and implementation of Register of environment pollution (ROO) web-based application; user training and 12 month's technical support**, Financier: Croatian Environment Agency (AZO)
13. 2008 - **Coordinates and GIS attribute conversion tool (MS SQL Server with ArcSDE environment)**, Financier: Croatian Environment Agency (AZO)
14. 2007 - **Maintenance and technical support for the server and communication part of KEC project information system** developed during KEC project; Financier: Ministry of Culture
15. 2007 - **Design and implementation of Web GIS interface for the Register of hazardous industrial facilities** - Design and development of web GIS interface for the database of hazardous industrial facilities and it's integration in the Agency's Environmental Information System (platform: Windows OS; ESRI ArcIMS, ArcSDE with MS SQL Server database); Financier: Croatian Environment Agency
16. 2006-2007 - **Design and implementation of National Soil Information System (HIST)**, Design of information system concept, IT architecture, database model; its development and implementation as part of Agency's IS; design, development and implementation of data entry system and web GIS interface, user training and technical support; Collaboration: Database design based on object and attribute description as defined by Faculty of Agriculture (Department of Soil Sciences) - University of Zagreb, Croatia; Financier: Croatian Environment Protection Agency
17. 2006-2007 - **IT/GIS training** - Part of KEC project - Use of IT/GIS tools for the management planning of protected areas (Use of KEC system), web GIS client (MapAccel); Use of web enabled KEC collaboration site (MS Sharepoint) for 5 national parks' and Ministry of culture representatives; Financier: GEF/WB and Ministry of culture (MoC)
18. 2006-2007 - **National Environment protection Information System (NEPIS) - IT/GIS services**; Financier: Croatian Environment Agency (CEA); Collaboration: CEA experts, APO
19. **Landfill geodatabase** - Development of legal landfill geodatabase and its integration in the Agency's Environmental Information System; Migration of GIS layers and selected waste management data in CEA Information system
20. **Biodiversity database** - Cadastre of protected and strictly protected species
21. 2006 - **Education/Training: Enterprise GIS - Specialized course on using WEB GIS server (ESRI ArcIMS)**, Financier: Environment Agency
22. 2006 - **Design of database of damage of forest ecosystems with design and implementation of Web GIS interface and it's integration in the Agency's Environmental Information System**, Damage data model is designed using defoliation, discoloration and forest condition monitoring standards as defined by EU and UN Economic Commission for Europe; Financier: Croatian Environment Agency
23. 2006 - **IT/GIS consulting services - CARDS project: Institutional Strengthening of the State Institute for Nature Protection - clarification of KEC IT/GIS system functionality and biodiversity database, clarification of Croatian Ecological network system functionality and giodatabase**; Financier: Consortium - GOPA consultants, Covi A/S, Oikos
24. 2005 - ongoing - **Development, implementation and maintenance of Association's web site**; Financier: Croatian Association of Experts in Environment and Nature Protection (HUSZPO)
25. 2005 - ongoing - **Project management and risk management training** as part of PMI certification training; Financier: IBM Croatia

26. 2005 -ongoing - Drypis - Journal for applied ecology - Development, implementation and maintenance of on-line scientific journal, Financier: Oikon Ltd.
27. 2005 - National forest inventarisation project - Design and implementation of forest inventarization database (field measurements' data entry, analysis and reporting capability), Financier: Ministry of agriculture, forestry and water management (MPŠVG)
28. 2005 - Web site development, implementation and maintenance for EIA Guidelines and Training Project, Financier: ERM Ltd. (UK)
29. 2003 - Implementation of HP OpenView system for control and management of IT resources in telecommunication company Vipnet Ltd. - project management, Collaboration: Coting Ltd., Financier: Vipnet Ltd.
30. 2003-2007 - Croatia - KEC project: Karst Ecosystem Conservation Project - GIS/IT system, biodiversity database and web interface (Windows platform, RDBMS , web enabled Enterprise GIS) development, implementation and maintenance, user education and GIS training; Financier: GEF/WB and Ministry of culture (MoC); Collaboration: Agriconsulting s.p.a.- prime contractor, leading consultant, Croatian biodiversity inventory teams, MoC- nature protection and IT depts, protected areas representatives
31. 2003-2006 - Development of Methods and Technologies and development of Pilot Database for the Environmental Information System with Web Interface, development of concept of Agency's Information System for Environment Protection (ISZO) based on RDBMS and enterprise GIS technologies, Financier: Croatian Environment Protection Agency
32. 2003-2005 Cro-nen Life III project - Building-up the national ecological network as part of pan-European ecological network and NATURA 2000 network (Cro-nen geodatabase design, harmonization of selected EU databases (MedWet, Emerald, NATURA 2000), Financier: Ministry of culture - State Institute for Nature Protection (DZZP)

Environmental Impact Assessment (EIA)

1. 2013 - EIA for 2 construction sand and gravel exploitation fields: EF Zljebic and EP Hrušćik, Financier: Hrvatske Šume Ltd.
2. 2013 - EIA for sewage and wastewater agglomerations „Virovitica“: pedological characteristics, Financier: Institut IGH JSC
3. 2013 - EIA for Appropriate Assessment request, Financier: Sukošan County
4. 2013 - Report for EIA procedure - coastal area of Kamen in Tučepi and for the coastal areas of beaches Donji Ratac in Tučepi, Financier: Tučepi County
5. 2013 - Appropriate Assessment Request for existing white fish farm - capacity 80 t in Mala Lamajana, Financier: Cromaris JSC
6. 2013 - Appropriate Assessment Request for existing white fish farm at Lamjana zone Z2 in Zadar County, Financier: Cromaris JSC
7. 2013 - EIA for existing fish farm in Peleš, Rogoznica Municipality, Financier: Klismar Split ltd.
8. 2012 - EIA and implementation of proceses for the Croatian section of international gas pipline Sotin - Bačko Novo Selo (Srb) DN 1200/100 BAR, Financier: Plinacro Ltd.
9. 2012 - EIA on Environemntal Development Projects within the period of 2012 - 2014, Financier: Plinacro Ltd.
10. 2012 - Sectoral studies: Izrada sektorskih studija: Pedological features (forest areas) and Current state of forest ecosystems for the purpose of Impact Assessment of Multipurpose hydrotechnical system for regulation of environmental waters and lands in Osijek, Financier: Osijek-Baranja County
11. 2012 - EIA for construction of Bol port, Financier: Bol Municipality
12. 2012 - EIA screening for construction of traffic and municipal economy zone Caporice-West, Financier: City of Trilj

13. 2012 - EIA for larger capacity of fishfarm Velo Zalo on Dugi Otok, Financier: Dalmar Ltd.
14. 2012 - Geodetic project documentation, Geodetic Survey, EIA Screening process, Conceptual Construction Design for revitalization of old riverbed Sava in Višnjići, Financier: Hrvatske Vode
15. 2012 - Geodetic Survey project documentation, Screening, Conceptual Design for Screening process, Location Permit for „Construction of System Donja Jelenska and Zalopić from waters of Sava and Vlahinička steams“ Financier: Hrvatske vode
16. 2012 - Geodetic and geomechanic project documentation, Geodetic Survey, Screening, Conceptual Design for Screening process, Constuction Design for location Permit, as well as for „Analysis of state and revitalization proposal for significat waterway Slunjčica“, Financier: Hrvatske Vode
17. 2012 - EIA of drainage system and waste water purification aglomeration „VRBOVEC“- year 2012 - for EU funds, Financier: Prostor Ltd. Investor: Komunalac Vrbovec Ltd
18. 2012 - Renewal of EIA screening for capacity enlargement of fishfarm in Bezdijska Vela to 85T annually, Financier: Rudan & Co Ltd.
19. 2012 - EIA screening for reconstruction of fish sorting, processing and distribution factory in Gazenici, Financier: Cromaris JSC., Zagreb
20. 2012 - Professional baseline for EIA for Potok Polje streams in Lisani Ostovacki, Financier: Regulacije Ltd.
21. 2012 - Investigation works and EIA for the expansion of ACI Marina Dubrovnik, Financier: HIDROINŽENJERING Ltd, Investor: Adriatic Croatia Internantional Club JSC.
22. 2012 - Application for EIA screening of Sava coast on locations: Okunscak, Rugvica, Oborovo, upstream of Prevlaka floodgate, downstream of Prevlaka floodgate, upstream of Dubrovca, Financier: Hrvatske vode
23. 2012 - EIA screening for water flows regime project and multipurpose usage of Karasica river, Financier: Hrvatske vode
24. 2012 - Application for EIA screening (Left Sava river bank from Luznice to Sava mouth), Financier: Vodoprivredno-projektini biro JSC
25. 2012 - EIA (screening, ecological network screening, EIA) - project documentation for construction of open traffic port Trogir-Soline, Financier: Port Authority of Split-Dalmatia County
26. 2012 - EIA for Sports port Sv. Martin -Podstrana County, Financier: Split University, Faculty of Construction, Architecture and Geodesy
27. 2012 - Investigation works for assessment of HE Ombla for the ecological network - Impact assessment of construction of HE Ombla on bat fauna, Financier: Elektroprojekt JSC
28. 2012 - EIA for WF Fuzine, Financier: Prodomo Ltd.
29. 2012 - EIA for construction upgrading of Bol port, Financier: Bol Municipality
30. 2011 - EIA for construction of HPP Kosinj and HPP Senj with compensation pool Gusić field, Financier: HEP JSC
31. 2011- EIA for construction on nautical tourism port Lovran, Financier: Marina Lovran Ltd.
32. 2011 - EIA - Review for need of route change on international pipeline Slobodnica - Bosanski Brod DN 1000/75 (Croatian section of pipeline), Financier: Plinacro Ltd.
33. 2011 - EIA - Maximization of manufacturing capacity on white fish fishfarm in bay waters Veli bok on Cres, Financier: Ribarstvo F Ltd.
34. 2011 - Preparation of conceptual design on EIA, Desicion on environmental acceptability for the bypass Drnis (length: approx. 5 km), Financier: Hrvatske ceste

35. 2011 - EIA - Maximizing capacity of devices for treatment of wastewater agglomerations Varazdin to 200.00 ES with 3rd degree upgrading of wastewater treatment and primary sedimentation tank (preparation of project documentation for EU project), Financier: Hrvatske vode
36. 2011 - EIA - Amendment to study on exploitation field "Sjeverni Jadran"; Financier: INA GIP Ltd.
37. 2011 - EIA - Modification of international section of pipeline Slobodnica - Bosanski Brod DN 1000/75 (Croatian section of pipeline), Financier: Plinacro Ltd.
38. 2011 - EIA - Reconstruction of existing railway and construction of other state border railway - Zagreb - Karlovac, construction of new railway Karlovac - Rijeka, Financier: Institute IGH JVC
39. 2011 - EIA - fishfarm in Zrnovici, Financier: Salmo Trota Ltd.
40. 2011 - EIA for new bypass in City of Zagreb, section II: Horvati - Ivanic City, Financier: Institute IGH JVC
41. 2011 - EIA for transmission line 2x220 kV connection to thermal power plant Sisak on transmission line 220 kV Mraclin - Prijedor, Financier: HEP - Operater prijenosnog sustava Ltd.
42. 2010 - EIA - Modernization and electrification of regionally important railway R201 Zaprešić - Varaždin - Čakovec, section Zaprešić - Zabok, Financier: HŽ (Croatian railways) - Infrastructure Ltd.
43. 2010 - EIA for the conduction of the need for environmental impact - Rehabilitation of the right bank of Neretva in Komin, Financier: Hrvatske vode
44. 2010 - EIA screening for the reconstruction and upgrading of the Gredelj complex in Vukomerec area (approx. 35 ha), Financier: Railway Vehicles Factory, Gredelj Ltd.
45. 2010 - EIA environmental screening of building stone in exploitation field II Rasaska, Financier: Rudar Ltd.
46. 2010 - EIA on sewage and wastewater treatment agglomeration "Vrbovec" for EU Funds, Financier: Prostor Ltd.
47. 2010 - EIA on sewage and wastewater treatment agglomeration "Križevci" for EU Funds, Financier: Dippold & Gerold Hydroproject Ltd.
48. 2010 - EIA - International high pressure gas-pipeline Lička Jesenica - Bihać DN 5
49. 00/75, Financier: Plinacro Ltd.
50. 2010 - Site investigation works in ACI marina Žut and ACI marina Palmižana for the purposes of EIS preparation, Financier: Dvokut Ecro Ltd.
51. 2010 - Conceptual design and EIA for the Čukur and Klačnice exploitation fields, Financier: Croatian forests Ltd., FA (forest administration) Požega
52. 2010 - Conceptual design and EIA for exploitation field Starča, Financier: Croatian forests Ltd., FA (forest administration) Nova Gradiška
53. 2010 - EIA - Railway bypass of Bibinje city, Financier: HŽ (Croatian railways) - Infrastructure Ltd.
54. 2010 - EIA - White fish farm in Magna bay on the island of Rab, Financier: Malin-marine Ltd.
55. 2010 - EIA - Marina "Bilo idro" in Sveta Nedjelja village on the island of Hvar, Financier: Zlatan otok Ltd.
56. 2010 - EIA screening for capacity extension of fish farm owned by Sajtija Ltd. in Vela Luka bay on the island of Šolta, Financier: Maring Ltd.
57. 2009 - EIA - Reconstruction of Osijek -Strizivojna/Vrpolje railway (revision, nostrification and EIA procedure management), Financier: Tehno-ing Ltd.
58. 2009 - EIA - High speed road Varaždin-Ivanec-Krapina (Začretje), Financier: Croatian Road Authority
59. 2009 - EIA - Eastern bypass of the city of Gospić, Croatian Road Authority
60. 2009 - EIA - Exploitation field "Crna glava", Osijek-Baranja County, Financier: CRNA GLAVA SEONA Ltd.
61. 2009 - EIA - Aquaparq Dalmatia Dugopolje, Financier: IPZ Uniprojekt TERRA Ltd.
62. 2009 - EIA and purchasing of protection measures documentation for road bypass of Gornje Selo city on the state road D111, on the island of Šolta (cca 1.00 km), Financier: Croatian Road Authority

63. 2009 - EIA and purchasing of protection measures documentation for road bypass of Grohote city on the state road D111, on the island of Šolta (cca 0.7 km), Financier: Croatian Road Authority
64. 2009 - EIA - Extension of waterway Privlački gaz, Financier: PLOVPUT Ltd. Split
65. 2009 - EIA - Subsystem 1 of Donja Neretva irrigation system pilot project, Financier: Hrvatske vode (Croatian water management entity)
66. 2009 - EIA - Subsystem 2 of Donja Neretva irrigation system pilot project, Financier: Hrvatske vode (Croatian water management entity)
67. 2009 - EIA - The main high pressure gas-pipeline Donji Miholjac - Osijek DN 800/75, Financier: Plinacro Ltd.
68. 2009 - EIA - The main high pressure gas-pipeline Osijek - Vukovar DN 800/75, Financier: Plinacro Ltd.
69. 2009 - EIA - The main high pressure gas-pipeline Vukovar - Negotlavci DN 800/75, Financier: Plinacro Ltd.
70. 2009 - EIA - The main high pressure gas-pipeline Ploče - Dubrovnik DN 1000/75, Financier: Plinacro Ltd.
71. 2009 - EIA - The international main high pressure gas-pipeline Dubrovnik - Prevlaka - Dobreč (Montenegro) DN 1000/75, Financier: Plinacro Ltd.
72. 2009 - EIA - The main high pressure gas-pipeline Zlobin - Bosiljevo DN 1000/100, Financier: Plinacro Ltd.
73. 2009 - EIA - Road bypass of Orebić city on the state road D-414, cca 7,5 km long, Financier: PB Palmotićeva 45 Ltd.
74. 2009 - EIA - Medical tourism zone „Ninsko blato“, Financier: RTC NIN Ltd.
75. 2009 - Sea current measurements and basic statistical analysis of currents near Jadrija harbour (Šibenik) for the purposes of EIS preparation, Financier: City of Šibenik
76. 2009 - EIA screening for production zone „Vukovac“, Financier: Ražanac Municipality
77. 2009 - EIA screening for capacity extension of 8 fish farms on 7 locations: Iž, Pašman, Rogoznica-Ražanj, Rogoznica-Movar, Šolta, Pelješac and Pag, Financier: “Marikultura” Cluster, Affiliation of fish farmers

211. 2001 - EIA - Cage farming of Rainbow trout in Velebit channel - location 1. Lukovo Šugarje, Financier: Karlsen-Riba Ltd.
212. 2001 - EIA - Cage farming of Rainbow trout in Velebit channel - location 2. Jablanac, Financier: Karlsen-Riba Ltd.
213. 2001 - EIA - Cage farming of Rainbow trout in Velebit channel - location 5. Jurjevo, Financier: Karlsen-Riba Ltd.

214. 2001 - EIA - Road Vrbovec - Križevci - Koprivnica, section: Vrbovec - Gradec, Financier: Croatian Road Authority
215. 2001 - EIA - Motorway Bosiljevo - Sveti Rok, section IIIA2/3 Josipdol - Otočac and IIIB2 Lički Osik - Sv. Rok; from tunnel Kapela - Žuta Lokva - Otočac - Ličko Lešće, extended variant B, Financier: Croatian Road Authority
216. 2001 - EIA - Motorway Bosiljevo - Sveti Rok, section IIIA2/3 Josipdol - Otočac and IIIB2 Lički Osik - Sv. Rok; from tunnel Kapela - Žuta Lokva - Otočac - Ličko Lešće, variant E, Financier: Croatian Road Authority
217. 2001 - EIA - Reconstruction of the section of the seaport in Ston; Financier: City of Ston
218. 2001 - EIA and monitoring programme - marine environment: Hydroelectric power plant "Dubrovnik", production capacity extension, Financier: HEP P.O.
219. 2000 - EIA - Reconstruction of the section of the seaport in Sali; Financier Municipality Sali
220. 2000 - EIA - Hydroelectric power plant "Novo Virje" (Summary - field: Forestry), Financier: HEP P.O.
221. 2000 - EIA - Motorway Bosiljevo - Sveti Rok, section IIIA2/3 Josipdol - Otočac and IIIB2 Lički Osik - Sv. Rok; from tunnel Kapela - Žuta Lokva - Otočac - Ličko Lešće, Financier: Croatian Road Authority
222. 1999 - EIA - Hydroaccumulation "Križ potok", Financier: Hrvatske vode (Croatian Water Authority) P.O.
223. 1999 - EIA - Motorway Bosiljevo - Sveti Rok, section IIIA1 Bosiljevo - Josipdol, Financier: Croatian Road Authority
224. 1999 - EIA - Motorway Bosiljevo - Sveti Rok, section IIIA2 Josipdol - Jezerane, Financier: Croatian Road Authority
225. 1999 - EIA - Motorway Bosiljevo - Sveti Rok, section IIIA3 Jezerane - Žuta Lokva, Jezerane - Otočac, Financier: Croatian Road Authority
226. 1999 - EIA - Motorway Bosiljevo - Sveti Rok, section IIIB1 Otočac - Lički Osik, Financier: Croatian Road Authority
227. 1999 - EIA - Motorway Bosiljevo - Sveti Rok, section IIIB2 Lički Osik - Sv. Rok, Financier: Croatian Road Authority

Nature impact assessments

1. 2013 - Appropriate Assessment for 2 construction sand and gravel exploitation fields: EF Zljebic and EP Hrušćik, Financier: Hrvatske Šume Ltd.
2. 2013 - Appropriate Assessment Request for existing white fish farm at Lamjana zone Z2 in Zadar County, Financier: Cromaris Ltd.
3. 2013 - Drainage of excess water from Vrgorsko polje - Appropriate Assessment Financier: Hrvatske vode
4. 2013 - EIA Screening and NIA Screening for reconstruction of left Sava flood bank to Svilaja (l=5km), Financier: Geokon-Zagreb JSC
1. 2012 - Appropriate Assessment: Conceptual Solution for retention within the Virovitica Lakes area, Financier: Hrvatske vode
2. 2012 - Appropriate Assessment, Project Hydrological Analysis: Erdutsko-daljskog Danubeca Plan, Financier: Hrvatske vode
3. 2012 - Appropriate Assessment for maintenance of Mura riverbed at rkm 5, Financier: Hrvatske vode
4. 2012 - Appropriate Assessment for irrigation system Novi Gradac-Detkovac, Financier: Virovitica Podravina County
5. 2012 - Year long implementation of bird and bat monitoring, EIA including Procedure and Main Assessment for windfarm Ripenda 12 x 1,5MW, Financier: EURUS Ltd.
6. 2012 - Year long implementation of bird and bat monitoring, EIA including Procedure and Main Assessment for windfarm Goli, 48 x 1,5MW, Financier: EURUS Ltd.
7. 2012 - Impact Analysis on protected species and habitats of ecological network Natura 2000 in proximity of railway II Dugo Selo - Krizevci under reconstruction and construction, Financier: HŽ-Infrastruktura Ltd.

8. 2012 - **Appropriate Assessment** - sanation of right bank of Drava River, location Nehaj RKM 37 to RKM 40, Financier: Hrvatske vode
9. 2012 - **NIA Screening Request** for construction of coastal defence on the Sava River at the locations:, Rugvica, Oborovo, upstream from Prevlaka floodgate, downstream from floodgate Dubrovčak, Financier: Hrvatske vode
10. 2012 - **Appropriate Assessment and Main Assessment** „Technical Maintenance of Waterways Plan“ Financier: Inland Waterways Agency
11. 2012 - **Appropriate Assessment: maintenance of Bednja riverbed by highway**, Financier: Hrvatske vode
12. 2012 - **Appropriate Assessment: reparation of damaged lining of Drava bank from rkm 289+500 to rkm 291+500**, Financier: Hrvatske vode
13. 2012 - **Investigation works for Impact Assessment of WF Ombla construction for the ecological network - Impact Assessment of WF Ombla on bat fauna**, Financier: Elektroprojekt JSC
14. 2012 - **EIA, Project Documentation for construction of public traffic port Trogir - Soline**, Financier: Split - Dalmatia Port Authority
15. 2012 - **EIA for WF Fužine**, Financier: Prodomo Ltd.
16. 2012 - **Ornithologic research on wind farm Mesihovina**, Financier: JP ELEKTROPRIVREDA HZHB JSC MOSTAR, BiH
17. 2012 - **Appropriate Assesment on cable replacement 110kv Crikvenica - Krk on ecological network**, Financier: HEP - Operator prijenosnog sustava d.o.o. - PP Rijeka
18. 2011 -**National Environmental Action Plan for the Republic of Croatia**, Financier: Ministry of Environmental Protection, Physical Planing and Construction
19. 2011 - **Appropriate assessment for the ecological network of construction of specialized purpose port - nautical tourism port Marina Lovran**, Financier: Marina Lovran Ltd.
20. 2011 - **Appropriate assessment on marine biology on the mountain area and existing port, analysis of elcological network on area of operation**, Financier: Bol Municipality
21. 2011 - **Bird research and appropriate assessment for needs of environmental impact assessment on the location of Strazbenica**, Financier: HEP - Obnovljivi izvori energije d.o.o. (HEP Renewable energy Sources JVC)
22. 2011 - **Bat research and appropriate assessment for needs of environmental impact assessment on the location of Strazbenica**, Financier: HEP - Obnovljivi izvori energije d.o.o. (HEP Renewable energy Sources JVC)
23. 2011 - **Appropriate assessment for Amendments to the Spatial Plan of Zadar County for the ecological network**, Financier: Zadar County
24. 2011 - **Works on previous assessment of acceptability of ecological network for the position MHE Bakici**, Financier: V.D. Futura Ltd.
25. 2011- **Appropriate assessment for acceptability of ecological network on construction of ski lift and resort in the area of Sports and Recreational „SKI“ zone „Jelenca“ - Phases 1A and 1B**, Financier: S.P. Fužine Ltd.
26. 2011 - **Appropriate assessment on acceptability of ecological network:**
 1. **Sanation of existing Drava revetments by sports hall Varazdin;**
 2. **Sanation of two Drava revetments on right bank of Drava River (reventment 1 on rkm 280+800 and reventment 2 on rkm 290+700)**, Finacier: Vodogradnja JVC
27. 2011 - **Construction works on main appropriate assessment of ecological network for MHE Barilovici position**, Financier: V.D. Futura Ltd.
28. 2011 - **Appropriate assessment on acceptability of operation „Zičara Učka“ (Medveja - Vojak)“ for ecological network**, Financier: Zicara Ucka Ltd.
29. 2011 - **Appropriate assessment - Construction of bank wall in ACI port Skradin for ecological network**, Financier: Adriatic Croatia International Club JVC
30. 2010 - **Appropriate assessment - Stabilization of the left bank of river Butisnica (250 m)** Financier: Hrvatske Vode

31. 2010 - Report on reasons of overriding public interest with the proposal of compensation terms of the project - extraction of sediment from the gravel bed of the river Mura at the mouth of Drava river rkm 236, Financier: Hrvatske vode
32. 2009 - Appropriate assessment - Medical tourism zone "Ninsko blato", Financier: RTC NIN Ltd.
33. 2009 - Appropriate assessment - Extension of potable water pumping capacity from B-1 well of water-filling station "Kustura" in Ličko Lešće, Financier: Faculty of Chemical Engineering and Technology
34. 2009 - Appropriate assessment - Eastern bypass of the city of Gospić, Financier: Croatian Road Authority
35. 2009 - Appropriate assessment - Wind farm on location Boraja, Financier: EHN Ltd.
36. 2009 - Appropriate assessment - Subsystem 1 of Donja Neretva irrigation system pilot project, Financier: Hrvatske vode (Croatian water management entity)
37. 2009 - Appropriate assessment - Subsystem 2 of Donja Neretva irrigation system pilot project, Financier: Hrvatske vode (Croatian water management entity)
38. 2009 - Appropriate assessment - Wind farm on location Čemernica, Financier: EHN Ltd.
39. 2009 - Appropriate assessment - Sand excavation activities on location Bokroš of river Drava rkm 30 - rkm 33, Financier: Hrvatske vode (Croatian water management entity)
40. 2009 - Appropriate assessment - The main high pressure gas-pipeline Zlobin - Rupa, Financier: Plinacro Ltd.
41. 2008 - Appropriate assessment - High-speed road Šibenik-Drniš-Knin-state border BiH, section: Tromilja-state border BiH (cca 60 km), Colaboration: Faculty of Civil Engineering, Financier: Croatian Road Authority
42. 2008 - Appropriate assessment - Wind farm "Bruvno" (revision and procedure management), Financier: Tehno - ing Ltd.
43. 2008 - Appropriate assessment - Wind farm "Otrić" (revision and procedure management), Financier: Tehno-ing Ltd.
44. 2008 - Appropriate assessment - The main high pressure gas-pipeline Split - Ploče, Financier: Plinacro Ltd.
45. 2008 - Appropriate assessment - Gravel excavation activities on location Mura mouth into the river Drava (rkm 236), Financier: Hrvatske vode (Croatian water management entity)

Industrial ecology

1. 2013 - Verification and professional works for the Environmental Pollution Register for Međimurje County 2012, Financier: Međimurje County
2. 2012 - Preparation of documentation in accordance with Regulation on procedure for determining integrated environmental protection requirements and the Environmental Protection Act for plant at Kantrida location in Rijeka, Financier: DLS Ltd.
3. 2012 - Development application for the attainment of integrated environmental protection conditions, Financier: TLM-TVP Ltd.
4. 2012 Verification and professional services for the needs of The Registry of Environmental Pollution for the area of Međimurska County for the year 2011., Financier: Međimurska County
5. 2011 Development report on methods of alignment of existing facilities, appropriate assessment and opinion on study, development of application for obtaining integrated environment permit for installation of companies within the Genera Group; Financier: Genera JVC
6. 2011 -Development report on safety of terminals: Omišalj, Sisak, Virje and Žiznjak, Financier: Jadranski naftovod JSC
7. 2011 -Development plan for ideal solution to noise protection of test station at diesel locomotive factory in Gredelj. Financier, Gredelj Ltd.
8. 2009 Environmental compliance audit relating to IPPC permitting procedure, gap analysis, determining the best available techniques, preparation of required IPPC application document and

participation in administrative procedure of IPPC permitting for the company „ALUFLEXPACK“ Ltd., facility in Umag, Financier: „ALUFLEXPACK“ Ltd., Umag

9. 2009 - Environmental compliance audit relating to IPPC permitting procedure, gap analysis and determining the best available techniques for Genera Group companies' facilities, Financier: Veterina Usluge Ltd.

Energetics

1. 2012 - Renewable energy resources usage plan within Dubrovnik- Neratva County, Financier: Dubrovnik - Neratva County
2. 2012 - Investigation works for assessment of HE Ombla for the ecological network - Impact assessment of construction of HE Ombla on bat fauna, Financier: Elektroprojekt JSC
3. 2012 - Project assignment for spatial, procedural and financial possibility realization of renewable energy sources within Zagreb County, Financier: Zagreb County.
4. 2011 - Management Plan for the introduction of ecological calculation systems in production power plants, Financier: HEP - PROIZVODNJA Ltd.

Strategic environmental documentation

1. 2012 - Harmonization of Strategic Study and Waste Management of the City of Zagreb, Financier: City of Zagreb
2. 2012 - Air Quality Improvement Action Plan for the Bakar area, Financier: Bakar City
3. 2011 - Environmental condition report of Zapsresic City for the period of 2007 - 2010, Financier: City of Zapsresic
4. 2011 - Study of usage and protection of sea and seabed in the Split - Dalmatia County area - emphasis on multisectoral activity in maricultural context of integrated coastal zone management (ICZM) SDC, Financier: Split - Dalmatia County
5. 2011 - NATIONAL ENVIRONMENTAL ACTION PLAN CROATIA, DRAFT PROPOSAL, Financier: Financier: Ministry of Environmental Protection, Physical Planning and Construction
6. 2011 - Strategic environmental assessment study of the draft proposal of the Waste management plan for the City of Zagreb up to 2015 including appropriate assessment, Financier: City of Zagreb
7. 2010 - Study of Strategic Environmental Assessment on the significant impact of the Operational Programme for Environment and Energy 2012-2013, Financier: Ministry of Environmental Protection, Physical Planning and Construction
8. 2010 - Nature Protection Program for Osijek - Baranja County, Financier: Public Institution Agency for the Management of Protected Natural Values in the Area of Osijek-Baranja County
9. 2009 - Environmental Protection Program for City of Zagreb, Financier: City of Zagreb
10. 2009 - Transboundary management program of river Una, Financier: Sisak - Moslavina County
11. 2009 - State of the Environment Report and Environmental Protection Program for Šibenik - Knin County, Financier: Šibenik - Knin County
12. 2006 - Environmental Protection Program for Split - Dalmatia County, Financier: Split - Dalmatia County
13. 2004 - Study of social and economic importance, need, relevance of exploitation of mineral resources within the area of Zagreb County, Financier: Zagreb County
14. 2004 - Environmental Protection Program for Istria County, Financier: Istria County
15. 2004 - Environmental Protection Program for Osijek - Baranja County, Financier: Osijek-Baranja County
16. 2004 - Environmental Protection Program for Zadar County, Financier: Zadar County
17. 2004 - State of the Environment Report for Zadar County, Financier: Zadar County
18. 2004 - Priority assessment study - Strategic environmental assessment of Albanian 1995 Coastal zone management plan, Financier: METAP/World bank
19. 2004 - Contingency plan in environmental protection for Karlovac County, Financier: Physical planning and environment protection department - Karlovac County

20. 2003 - **Integrated Coastal Zone Management: Phase 1**, Financier: Zadar County
21. 2003 - **Integrated Coastal Zone Management: Phase 2**, Financier: Zadar County
22. 2003 - **Environmental Protection Program for Zagreb County**, Financier: Zagreb County

Environmental monitoring

1. 2013 - **Monitoring of forest eco-systems for 2013 - Multipurpose channel Danube - Sava** Financier: Agency for Inland Waters
2. 2013 - **Monitoring and noise level analysis (within environmental protection measures during production) at WF Jelinak**, Financier: EURUS Ltd.
3. 2012 - **Year long implementation of bird and bat monitoring, EIA including Screening Procedure and Main Assessment for windfarm Ripenda 12 x 1,5MW**, Financier: EURUS Ltd.
4. 2012 - **Year long implementation of bird and bat monitoring, EIA including Procedure and Main Assessment for windfarm Goli, 48 x 1,5MW**, Financier: EURUS Ltd.
5. 2012 - **Compensation research for spring aspect assessment of baseline ornitofauna condition (prior to WF Jelinak construction)**, Financier: EURUS Ltd.
6. 2012 - **Monitoring of fishfarm „Gira“ for the period of 01 July to 31 December 2012**, Financier: Jadrana tuna Ltd.
7. 2012 - **Monitoring of forest ecosystems for 2012 - Multipurpose channel Danube-Sava**, Financier: Agency for Inland Waters
8. 2012 - **Implementation of regulative environmental protection measures towards fauna, flora and forest ecosystems for wind farm Jelinak**, Financier: EURUS Ltd.
9. 2012 - **Ornithologic research for WF Mesihovina**, Financier: JP ELEKTROPRIVREDA HZHB JSC MOSTAR, BiH
10. 2012 - **Monitoring of wildlife overpasses on motorway**, Financier: Hrvatske autoceste Ltd.
11. 2012 - **Monitoring of ihtiofauna**, Financier: Hrvatske autoceste Ltd.
12. 2012 - **Monitoring of forest ecosystems**, Financier: Hrvatske autoceste Ltd.
13. 2011- **Contract on use of funds for funding of education, research and development studies in environmental protection project: „Optimization of monitoring endangered fauna in support of the evaluation of sites for wind farms“ by subsidy provision**, Financier: Fund for Environmental Protection and Energy Efficiency Zagreb
14. 2011 - **Impact monitoring of landfills on the population of jackals (*Canis aureus*) area of Nature Park Lonjsko Polje**, Financier: Public Institution Nature Park Lonjsko Polje
15. 2011 - **Environmental monitoring for tuna fish farm on location „Gira“ dfor the peiod of 01 July 2011 - 31.December 2011**, Financier: Jadran Tuna Ltd.
16. 2011 - **Monitoring of forest ecosystems in the year 2011 - multipurpose channel Danube - Sava**, Financier: Agency for Inland waterways
17. 2010 - **Neretva Trebišnjica managment project: Monitoring and biodiversity Inventory for Hutovo Blato Nature Park**, Financier: Agency for watershed of Adriatic Sea Mostar, Federation ministry of agriculture, water management and forestry
18. 2010 - **One-year bird and bat monitoring on the potential location of wind-farm Fužine**, Financier: Promodo Ltd.
19. 2010 - **Monitoring at existing tuna fish farm located near islet Gira from 1.1.2010 to 31.12.2010**, Financier: JADRAN TUNA Ltd.
20. 2010 - **Monitoring of forest ecosystems in the year 2010 - multipurpose channel Danube - Sava**, Financier: Agency for Inland waterways
21. 2009 - **Monitoring of protected wildlife on the Dravski ritovi area, motorway Beli Manastir -Osijek - Svilaj - Ploče, section Beli Manastir - Osijek**, Financier: Croatian Motorway Authority
22. 2009 - **Monitoring of water, air, noise, motorway permeability for wildlife, forest ecosystems, soil and ichthyofauna**, Financier: Croatian Motorway Authority

23. 2009 - **Monitoring of waters on motorway Zagreb - Sisak, section Velika Gorica (south) - Lekenik**, Financier: Croatian Motorway Authority
24. 2009 - **Monitoring at existing tuna fish farms located near island Kluda, near island Drvenik for the year 2009**, Financier: DRVENIK TUNA Ltd.
25. 2009 - **Monitoring at existing tuna fish farm located near islet Gira from 1.7.2009 to 31.12.2009**, Financier: JADRAN TUNA Ltd.
26. 2009 - **One-year bat monitoring on the potential location of wind-farm complex Čemernica**, Financier: EHN Ltd.
27. 2008 - **Speleological monitoring of the main high pressure gas-pipelines systems of Lika and Dalmatia - Sections II, III and IV, Vodnjan-Umag and Kukuljanovo-Omišalj**, Financier: Plinacro Ltd.
28. 2008 - **Monitoring at existing tuna fish farms located near island Kluda, near island Drvenik for the year 2008**, Financier: DRVENIK TUNA Ltd.
29. 2008 - **Monitoring of wildlife overpasses on the route of main high pressure gas-pipeline for Lika and Dalmatia: section II, III and IV**, Financier: Plinacro Ltd.
30. 2008 - **Monitoring of wildlife overpasses on the motorway Zagreb - Split - Dubrovnik, section Bosiljevo - Šestanovac**, Financier: Croatian Motorway Authority
31. 2008 - **Monitoring of beaver in forest Žutica near Ivanić-Grad**, Financier: City of Ivanić-Grad.
32. 2007 - **Numerical forecast of chosen pollutant concentrations at measuring station "Mirogojska 16"**, Financier: Zagreb public Health Institute
33. 2007 - **Monitoring of water ecosystems in forest Žutica**, Financier: University of Zagreb, Faculty of Forestry
34. 2007 - **Monitoring at existing tuna fish farm located near islet Gira for the year 2007 and 2008**, Financier: JADRAN TUNA Ltd.
35. 2007 - **Monitoring of wildlife overpasses on the route of main high pressure gas-pipeline for Lika and Dalmatia: section I.**, Financier: Plinacro Ltd.
36. 2007 - **Design of monitoring activities for waters on motorway Zagreb - Sisak, Section Jakuševac - Velika Gorica (south)**, Financier: Croatian Motorway Authority
37. 2006 - **Numerical forecast of chosen pollutant concentrations at measuring station "Mirogojska 16"**, Financier: Zagreb public Health Institute
38. 2006 - **Monitoring at existing tuna fish farms located near island Kluda, near island Drvenik from 01.01.2007 - 31.12.2007**, Financier: DRVENIK TUNA Ltd.
39. 2006 - **Monitoring at existing tuna fish farms located near island Kluda, near island Drvenik from 01.12.2005 - 31.12.2006**, Financier: DRVENIK TUNA Ltd.
40. 2006 - **Design of monitoring activities for waters on motorway Zagreb - Sisak, Section Jakuševac - Velika Gorica and on motorway Bregana - Zagreb - Lipovac, junction Kosnica on Zagreb bypass**, Financier: Croatian Motorway Authority.
41. 2005 - **Monitoring at existing tuna fish farm located near islets Fulija and Kudica**, Financier: KALI TUNA Ltd.
42. 2005 - **Monitoring at existing tuna fish farms located near island Kluda and bay Mala luka, near island Drvenik from 1.6.2005 - 31.5.2006**, Financier: DRVENIK TUNA Ltd.
43. 2005 - **Survey with monitoring of forest ecosystems in potential impact area of the planned Danube - Sava channel - for 2004 - 2006.**, Financier: VPB JSC
44. 2004 - **Monitoring at existing tuna fish farm located near islets Fulija and Kudica**, Financier: KALI TUNA Ltd.
45. 2004 - **Monitoring at existing tuna fish farms located near island Kluda and bay Mala luka, near island Drvenik**, Financier: DRVENIK TUNA Ltd.
46. 2004 - **Research on the measures and methods of monitoring of the state of environment for the whole network of freeways in Republic of Croatia - Phase 1: collection of data and information**, Financier: Croatian Motorway Authority

47. 2004 - Research on the measures and methods of monitoring of the state of environment for the whole network of freeways in Republic of Croatia - Phase 2: Development of optimized proposal for monitoring, Financier: Croatian Motorway Authority
48. 2003 - Monitoring at existing fish farms located near island Školjić Veli, Financier: BADIOLI I MAKSAN Ltd.
49. 2003 - Monitoring at existing tuna fish farm located near islets Fulija and Kudica, Financier: KALI TUNA Ltd.
50. 2003 - Monitoring at existing tuna fish farm located near islet Gira, including establishment of the baseline environmental status, Financier: JADRAN TUNA Ltd.
51. 2003 - Monitoring at existing tuna fish farms located near island Kluda and bay Mala luka, near island Drvenik, Financier: DRVENIK TUNA Ltd.
52. 2003 - Site investigation works and monitoring of forest ecosystems within the potential impact area of future channel Danube - Sava, Financier: VPB JSC
53. 2002 - Monitoring at existing tuna fish farm located near islets Fulija and Kudica, Financier: KALI TUNA Ltd.

Landscape architecture

1. 2013 - Partial development of Landscape design for Zagreb County - general landscaping type/area level, Financier: Physical Planning Department of Zagreb County
1. 2012 - Landscape design for Kalje Village, located at Hartovski Vrh, Financier: Žarko Andričević
2. 2012 Rehabilitation of the Coal Mine Complex Vihovići, Mostar:, Financier: Fichtner Water & Transportation GmbH, Gemany - Grad Mostar, FBiH
3. 2012 - Expert supervision of works on expansion of West bank of City port Split - Phase III: Engineering supervision for landscape architecture, Financier: Kozina Projekti Ltd.
4. 2012 - Landscape design for Sveta Nedjelja City, Financier: Sveta Nedjelja City
5. 2010 - Master landscape design project for the partition of the first stage of the accumulation of Križ potok, Financier: landscaping of partion area, first phase of accumulation of Križ Potok, Financier: HIDROINŽENJERING Ltd.
6. 2010 - Master landscape design project for coverage in Slavetić village, Financier: Agro Slavetić Ltd.
7. 2010 - Master landscape design project and monitoring program for retention and dam Kraljevac II, Financier: Geokon-Zagreb JSC
8. 2009 - Classification and valorization of forest landscapes in Zagreb City area, Financier: City of Zagreb, Office for Strategic Planning and Development of the City
9. 2009 - Master landscape design project for retention Smiljanova Graba, Financier: Hrvatske vode (Croatian water mangement entity)
10. 2009 - Master landscape design project for main high pressure gas-pipeline Kukuljanovo - Omišalj DN 500/100, Financier: INP Ltd.
11. 2009 - Master landscape design project for Croatian part of international high pressure gas-pipeline Dravaszerdahely - Donji Miholjac DN 800/75, Financier: INP Ltd.
12. 2008 - Architectural-urban and landscape preliminary, master and constructional design project of park Šparić in Rijeka, Financier: City of Rijeka
13. 2008 - Master landscape design project for retention Burnjak in municipality Gornja Stubica, Financier: Hrvatske vode (Croatian water mangement entity)
14. 2008 - CROATIA - Conservation and sustainable use of biodiversity in the Dalmatian coast trough greening coastal development - COAST; UNDP-GEF Project 00050301 - component: Inventory and Sustainable Use of Landscape Diversity in Project Demo-Sites, Financier: UNDP
15. 2007 - Landscape design project for retention Kalanjevac, Financier: Hrvatske vode (Croatian water mangement entity)

COMPANY PROFILE

16. 2005 - Production of main design for noise protection and main landscape design for the bridge across the river Spačva with ancillary ramps in Lipovac, with appendices for the conceptual design as well as for the elaborate for location permit, Financier: Croatian Road Authority
17. 2004 - Development of project documentation for noise protection barriers on Motorway Zagreb - Lipovac, section Lužani - Brodski Stupnik - Slavonski Brod west - Slavonski Brod east - Oprisavci - Velika Kapanica, Financier: Croatian Motorway Authority
18. 2004 - Study of landscape for city area "Savski park zapad, Remetinec - Rotor, Tromostovje" (Landscape analysis), Financier: Physical planning and environment protection department - City of Zagreb
19. 2004 - Preliminary landscape design project for Motorway Zagreb - Split service area "Dobra", Financier: Croatian Motorway Authority
20. 2004 - Preliminary landscape design project for Motorway Zagreb - Split service area "Brloška Dubrava", Financier: Croatian Motorway Authority
21. 2004 - Preliminary landscape design project for Motorway Zagreb - Split service area "Ličko Lešće", Financier: Croatian Motorway Authority
22. 2004 - Preliminary landscape design project for Motorway Zagreb - Split service area "Modruš", Financier: Croatian Motorway Authority
23. 2004 - Preliminary landscape design project for Motorway Zagreb - Split service area "Jezerane", Financier: Croatian Motorway Authority
24. 2004 - Preliminary landscape design project for Motorway Zagreb - Split service area "Brinje", Financier: Croatian Motorway Authority

Natural resource management

1. 2013 - Revized management plan for common hunting ground (MU Hreljin, Podplanina Klana, Bribir), Financier: Hrvatske šume Ltd.
2. 2012 - Revized management plan for common hunting management unit No.: XVI/21 Tromeda (area 4634 ha), Financier: Tromeda Ltd.
3. 2012 - Game management plan for 6 hunting management units, Collaboration: PRO SILVA Ltd, Financier: Hrvatske šume d.o.o. (Croatian Forests)
4. 2012 - Revized management plan for common hunting management unit No.: /139 Novo Čiče (area 4787 ha), Financier: Hunting Society "TRČKA"
5. 2012 - Horticulture works in trafo stations PrP-Zagreb (2 year Agreement), Financier: Croatian transmission system operator company HEP- Operator prijenosnog sustava d.o.o. (HEP-OPS)
6. 2012 - Revized management plan for hunting unit VIII/5 Sveti Grgur, Financier: Ministry of Agriculture
7. 2012 - Revized management plan for hunting unit VIII/5 Goli Otok, Financier: Ministry of Agriculture
8. 2011- Applications for forest management of forest owners, Financier: Hrvatske šume Ltd. (Croatian Forestry Entity)
9. 2011 - Game management plan for common hunting management unit No.: XVI/151 "Šiškovka", Financier: Hunting Society "Zec" Šiškovci
10. 2011 - Game management ground for common hunting management unit No.: IX/123 Donji Lapac, Financier: Hunting Society "OZEBLIN" Donji Lapac
11. 2010 - Forest management plan for forests under Sava - Zagreb Management Unit, Financier: "Hrvatske Vode"
12. 2010 - Execution of work, supervision, organization and implementation of activities on timber sales along pipelines: Bosiljevo - Split, Vodnjan - Umag- Plinacro, Financier: PRO SILVA Ltd.
13. 2010 - Forestry management plan for forest owners in the area of Istria County, Financier: "Croatian Forests"

14. 2010 - **Forestry management plan for forest owners in the area Primorje Gorski Kotar County**
Financier: "Croatian Forests" (Šumarska savjetodavna služba)
15. 2010 - **Game management plan for common hunting management unit No. XVI/4 "Dubrava"**, Financier: Hunting Society "Jastreb" S. Jankovci
16. 2010 - **Game management plan for common hunting management unit No. XVI/133 "Asad"**, Financier: Hunting Society: "Šljuka" Antin
17. 2010 - **Game management plan for common hunting management unit No. XVI/134 "Cerić"**, Financier: Hunting Society "Vepar" Cerić
18. 2010 - **Game management plan for common hunting management unit No. XVI/135 "Grabnik"**, Financier: Hunting Society: "Srndać" Marinci
19. 2009 - **Forest clearing and geodetic survey on main high pressure gas-pipeline and it`s extensions in Lika and Dalmatia and on gas-pipeline Vodnjan - Umag**, Cooperation: PU PRO SILVA-GEOANDA-GEOSERVIS PULA-GEODEZIJA ŠIBENIK-CROTEL GRADNJA-SLADOVAČA-ZO KRT-BABIĆ-ECOS-OIKON; Financier: Plinacro Ltd.
20. 2009 - **Forest clearing and geodetic survey on main high pressure gas-pipelines Kukuljanovo - Omišalj, Dravaszerdahely - Donji Miholjac, Slobodnica - Bosanski brod and Slobodnica - Donji Miholjac**, Cooperation: PU PRO SILVA-GEOANDA-GEOSERVIS PULA-GEODEZIJA ŠIBENIK-CROTEL GRADNJA-SLADOVAČA-ZO KRT-BABIĆ-ECOS-OIKON; Financier: Plinacro Ltd.
21. 2009 - **Revision of Game management plan for common hunting management unit No. VII/108 "Trojstvo Dobrovita"**, Financier: Unit concessionaire LU „Veliko Trojstvo” Veliko Trojstvo
22. 2009 - **Game management plan for common hunting management unit No. I/126 "Kupčinsko polje"**, Financier: Hunting society "Šljuka" Donja Kupčina
23. 2009 - **Game management plan for common hunting management unit No. I/110 "Molvička šuma - Svetonedeljski breg"**, Financier: Hunting society "Šljuka" Sv. Martin pod Okićem
24. 2009 - **Game management plan for common hunting management unit No. I/120 "Okić"**, Financier: Unit concessionaire Lovačko - Streljačka udruga "Fazan" Okić, Jastrebarsko
25. 2009 - **Game management plan for common hunting management unit No. I/125 "Pisarovina - Jamnica"**, Financier: Unit concessionaire LU "Vepar" Okić, Jamnica Pisarovinska
26. 2009 - **Game management plan for common hunting management unit No. I/124 "Bratina"**, Financier: Unit concessionaire LD "Srnjak" Bratina
27. 2009 - **Game management plan for common hunting management unit No. XVI/150 "Vidraš"**, Financier: Unit concessionaire LD "Jelen" Ostrovo
28. 2009 - **Game management plan for common hunting management unit No. XVI/132 "Šomod"**, Financier: Unit concessionaire LD "Orao" Tordinci
29. 2009 - **Game management plan for common hunting management unit No. XVI/131 "Zverinjak"**, Financier: Unit concessionaire LD "Sokol" Nuštar
30. 2009 - **Game management plan for common hunting management unit No. XVI/148 "Miljac"**, Financier: Unit concessionaire LD "Jelen" Gaboš
31. 2009 - **Game management plan for common hunting management unit No. XVI/147 "Aljmaš"**, Financier: Unit concessionaire LD "Fazan" Orolik
32. 2009 - **Game management plan for common hunting management unit No. XVI/130 "Crepov dol"**, Financier: Unit concessionaire LU "Sokol" Bogdanovci
33. 2009 - **Game management plan for common hunting management unit No. XVI/146 "Revenica"**, Financier: Unit concessionaire LD "Sokol" Srijemske Laze
34. 2009 - **Game management plan for common hunting management unit No. XVI/127 "Badnjara"**, Financier: Unit concessionaire LU "Sokol" Lovas
35. 2009 - **Game management plan for common hunting management unit No. XVI/145 "Panjik"**, Financier: Unit concessionaire LD "Orao" Novi Jankovci
36. 2009 - **Game management plan for common hunting management unit No. XVI/144 "Međe"**, Financier: Unit concessionaire LD "Šljuka" Slakovci
37. 2009 - **Game management plan for common hunting management unit No. XVI/125 "Prima"**, Financier: Unit concessionaire LD "Zec" Ilača

38. 2009 - Game management plan for common hunting management unit No. XVI/133 "Asad", Financier: Unit concessionaire LD "Šljuka" Antin
39. 2009 - Game management plan for common hunting management unit No. XVI/134 "Cerić", Financier: Unit concessionaire LD "Vepar" Cerić
40. 2009 - Game management plan for common hunting management unit No. XVI/135 "Grabik", Financier: Unit concessionaire LD "Srndać" Marinci
41. 2009 - Game management plan for state hunting management unit No. III/14 "Kotar šuma", Financier: Unit concessionaire LD "Fazan" Petrinja
42. 2009 - Game management plan for state hunting management unit No. XVI/3 "Dionica", Financier: Unit concessionaire LD "Šljuka" Slakovci
43. 2009 - Game management plan for state hunting management unit No. XVI/4 "Dubrave", Financier: Unit concessionaire LD "Jastreb" Stari Jankovci
44. 2008 - Revision of Game management plan for common hunting management unit No. XVIII/120 "Blatnica" Financier: Unit concessionaire LU "FAZAN" Kaštelir - Vižinada
45. 2008 - Revision of Game management plan for common hunting management unit No. IX/123 "Donji Lapac" Financier: Unit concessionaire LD "OZEBLIN" Donji Lapac
46. 2008 - Printing of maps for state hunting management unit No. XII/9 Medustrugovi and No. XIV/17 Jelas- Đol, Financier: Croatian Hunting Association
47. 2008 - Printing of maps for 20 open hunting management units (No. XX/101 - XX/120), state hunting management unit No. XX/1 Dubrava and management unit No. XX/109 Mala Subotica, Financier: Huting Association of Međimurje County - Čakovec and Hunting society Prepelica Mala Subotica

38. 2004 - Expert opinion on environmental impact of asphalt production facility in industrial zone near Samobor (capacity 30 t/h), Financier: Samoborka Ltd.
39. 2004 - Project CRO/03/G41/A/1G/99 Conservation and Sustainable Use of Biodiversity in the Dalmatian Coast through Greening Coastal Development - COAST: Biodiversity and GIS aspects (5 consultants), Financier: GEF/UNDP
40. 2004 - Report on ecological acceptance and sustainability of dry ice (CO₂) cleaning technology, Financier: SINACO Ltd.
41. 2002 - Report for air quality aspects - airport Lošinj, Financier: Ministry of Maritime, Transport and communication

Long term and Scientific projects

1. 2012 - Faunistics and ecology of stoneflies (Insecta: *Plecoptera*) in the Krka National Park Financier: Krka National Park
2. 2011 - Research on presence of „*Umbra krameri*“ in the area of Nature Park Lonjsko Polje; Financier: Public Institution Nature Park Lonjsko Polje

- 2011 - Contract on the allocation of resources within the EUREKA program for E!54600 EURONVIRON WEBAIR-2 project, Financier: Poslovno-inovacijski centar Hrvatske - Bicro Ltd.
- 2010 - Research on air pollution by means of moss in Croatia, Financier: Oikon Ltd.
- 2009-ongoing - REACT - Supporting Research on Climate friendly Transport (EU FP7 -TPT-2008-RTD - 1), Financier: Commission of the European Communities
- 2009-ongoing - Spatial and temporal changes of biological, landscape and environmental diversity of Republic of Croatia (ZIN4/08), Financier: Oikon Ltd.
- 2009-ongoing - Parameters of forest ecosystems' productivity and stability (ZIN3/08), Financier: Oikon Ltd.
- 2009-ongoing - Anthropogenic impacts on terrestrial macrofauna with emphasis on protected species in Republic of Croatia (ZIN2/08), Financier: Oikon Ltd.
- 2008 - Identification and proposal of mitigation measures for anthropogenic impact on population terrestrial carnivores in Croatia, Financier Environmental Protection and Energy Efficiency Fund
- 2008 - Preliminary paleontological and sedimentological research on cave "Pod zubom Buljme" in NP Paklenica, Financier: National Park Paklenica
- 2007-ongoing - E! 3266 EUROENVIRON WEBAIR "Web-based Air Quality Assessment and Management" Development and research project EUREKA, Support: Ministry of science, education and sports; Project coordination: ESS - Environmental Software and Services GmbH Austria
- 2007-ongoing - Bioindication of air pollution in terrestrial ecosystems, Support: Ministry of science, education and sports
- 2006-ongoing - Anthropogenic impacts on sea and freshwater ecosystems (ZIN1/06), Financier: Oikon Ltd.
- 2006-ongoing - PHIME - Public Health Impact of Long-Term, Low-Level Mixed Element Exposure in Susceptible Population Strata (EU FP6 integrated project), Financier: Commission of the European Communities
- 2006 - Project "Mitigation of the negative anthropogenic influence on the populations of carnivores in Croatia", Financier: Ministry of Culture
- 2005-2006 - Research of air pollution with mosses as biomonitors in Croatia Financier: Oikon Ltd.
- 1999-ongoing - Tree growth and environmental changes in Croatia (TGECC), Financier: Oikon Ltd.

Participation

- 2000 - Collaboration in the preparation of the first "National report on Climate change", Collaboration: Ministry for Environment Protection and Physical Planning and Ekoneg Ltd.
- 1999 - Temporary management plan of wolf in Croatia (GIS support), Financier: Ministry for Environment Protection and Physical Planning
- 1999 - Application of GIS in sustainable forest management and forest ecology on the case study for "Repaš - Gabajeva greda" management unit, Financier: Hrvatske šume P.O. and Oikon Ltd.
- 1999 - Review of the biological and landscape diversity of Croatia with the strategy and protection action plans (GIS support), Financier: Ministry for Environment Protection and Physical Planning
- 1999 - Geochemical atlas of the Medvednica mountain: Natural distribution of elements in stream sediments (GIS support), Financier: IGI

Equipment delivery

- 2006 - Delivery of wild warn reflectors, Financier: Croatian Road Authority
- 2006 - ENVI and IDL license, Financier: Institute of Anthropological and Spatial Studies, Slovenia
- 2006 - ENVI and IDL license, Financier: Croatian Environment protection agency

Donations

- 2012 - Donation of necessary equipment for student dorms in the Department of Biology, Osijek

2. 2012 - Co-financing of book „HYDROGEOLOGY - Application in Construction“, by Bačani & Vlahović
3. 2012 - Donation to the Student Scholarship Fund of the National Trustfund for student and student standard support, and the Rijeka University Trustfund
4. 2012 - Sponsorship for educational and popular - research portal Biologijja.com.hr
5. 2012 - Donation for the publication of Children's Colouring Book, within the framework of project lead by International Police Association in the area of Novi Zagreb neighbourhood, with the goal of children casualty prevention in traffic
6. 2012- Donation of 5 Garmin GPS transmitters to the Hiking Guide Station, Zagreb
7. 2011 - Donation to the „Kirijas“ Association from Baške Oštarije for the organization of maifestation „Šlajs - the Olympics of Ancient Sports“
8. 2011 - Donation to Engineer Graduates and Friends Association of the Chemical and Technological faculty AMACIZ
9. 2011 - Donation to the Women's Expedition on Ismoil Somoni - 7495 m point of Pamir in Tajikistan (Hiking Club „Vertikal“)
10. 2011 - Donation to Forest Owner's Society „Robur“
11. 2011 - Sponsorship for the publication of technical book „Environmental Protection-practice viewpoint“, author: Mario Zovko
12. 2011 - Sponsorship for educational and popular - research portal Vjetroelektrane.com
13. 2011 - Sponsorship of the 5th conference of PMI project managers forum (November 2011)
14. 2011 - Sponsorship for the Croatian Association of Animal Protectors „Noah's Ark“
15. 2011 - Sponsorship for educational and popular - research portal Biologijja.com.hr
16. 2011 - Sponsorship for the Faculty of Agriculture in Zagreb, textbook publication “Sanation of Contaminated Soil”
17. 2010 - Sponsorship for the 4th conference of PMI project managers forum (November 2010)
18. 2010 - Humanitarian action - Korak u život” (Step in to life) -Leo Nucci and Zagreb Philharmonia Concert
19. 2010 - Unicef - Help children in Haiti
20. 2010 - Sponsorship of 40th Anniversary Earth Day Celebration (17-25 April 2010, Zagreb (several locations) and Medvednica mountain (Puntijarka)); Organised by Biology Students' Association “BIUS” and Ecogreen Europe Ltd.
21. 2010 - Donation to Association of voluntary blood donors Plovput Ltd.
22. 2010 - Sponsorship for educational and popular - research portal Biologijja.com.hr
23. 2010 - Sponsorship for educational and popular - research portal Vjetroelektrane.com
24. 2010 - Sponsorship for 2nd Croatian NIPP and INSPIRE day and 6th Council on Cartography and geoinformation, Organised by the Croatian Cartography Society
25. 2010 - Sponsorship (Bronze Sponsor) PMI forum 2010
26. 2009 - Humanitarian action - Korak u život” (Step in to life) -Jose Carreras and guests in concert
27. 2009 - Donation to exhibition „Croatian Rivers“(4-21 June 2009, Students Centre, Zagreb), Organisers/authors: Goran Šafarek and Tomislav Šolić for the national campaign on protection of Croatian rivers
28. 2009 - Donation to Second Croatian Female Climbing Expedition to Mount Everest (8850 m), Organised by Croatian Mountaineering Association
29. 2007 - Donation to scientific research project „Inventorying and mapping of fungi in Croatia“, Organised by Croatian Mycological society
30. 2007 - Donation to First Croatian Female Climbing Expedition to Cho Oyu (8201 m) in Tibet, Organised by Croatian Mountaineering Association
31. 2006 - Donation to scientific research project „Inventorying and mapping of fungi in Croatia“, Organised by Croatian Mycological society

32. 2004 - **Donation to professional development in Iowa Lakeside Laboratory**, Organised by Faculty of Science, University of Zagreb
33. 2003 - **Sponsorship to Kuterevo bear's shelter**
34. 2003 - **Sponsorship (Silver sponsor) of Annual award ceremony for environmental protection accomplishments and Symposium «The Adriatic - a Central European Sea under Pressure»**, (4-6 June 2003, Zadar), Organised by Ministry of Environmental Protection and Physical planning
35. 2003 - **Sponsorship (Bronze sponsor) of «GLOBE learning expedition Šibenik 2003 Croatia»**, (29 June - 4 July 2003, Šibenik), Organised by Ministry of Education and Sports
36. 2003 - **Donation to internship in Mexico**, Organised by International Association of Students in Agricultural and Related Sciences (IAAS)
37. 2002 - **Sponsorship to MAR - SUB Diving Club**, Activities on the occasion of World Water Day - cleaning of Lake Jarun
38. 2002 - **Donation to 45th IAAS World Congress**, Organised by International Association of Students in Agricultural and Related Sciences (IAAS)
39. 2001 - **Sponsorship to MAR - SUB Diving Club**, Activities on the occasion of World Water Day - cleaning of Lake Jarun
40. 2001 - **Humanitarian action «Let them hear»**

PUBLISHED PAPERS

PUBLISHED PAPERS

A list of published papers of company's employees from its registration until today, including papers published through research/project activities of the company alone or through the cooperation with other scientific and professional institutions, is given at www.oikon.hr.

Oikon's employees have published more than 92 scientific and professional papers.

CONFERENCES

A list of attended scientific and professional conferences with contribution of company's employees from its registration until today, including contributions published through research/project activities of company alone or through the cooperation with other scientific and professional institutions is given at www.oikon.hr.

Oikon's employees have held more than 200 oral and poster presentations at scientific and professional conferences.

EQUIPMENT

EQUIPMENT

A prerequisite for the use of the most modern methods is adequate technical equipment. Since its establishment, Oikon Ltd. has invested in supplying and building the technical basis for its work, and today Oikon's employees use the following equipment:

<u>Hardware</u>
• <u>Computers:</u>
35 x desktop computers (IBM i DELL)
DELL PowerVault NF500 2U - server
DELL PowerVault 114T - tape
DELL PowerEdge 1600SC server (2 x Xeon)
DELL PowerEdge 1800SC server (2 x Xeon)
IBM xSeries 220 server (Pentium III)
IBM Netfinity 3000 server (Pentium II)
28 x laptops (IBM, HP, Lenovo)
2 x Network Attached Storage, 1 TB, RAID 5
UPS SUA 1500
APC Smart-UPS 1500 - rack
• <u>Network:</u>
100 Mbps IBM advanced network
2 x 3COM hub 24-port 10/100 Mbit
2 x 3COM switch 3300XM 48-port 10/100 Mbit
4 x 3Com Switch - 4200 - 28 port (SuperStack3)
D-Link router
U.S. Robotics Sportster 56K modem
Zyxel Prestige 202 ISDN router
2 x Zyxel ZyWall 2 Plus
Canyon 8-port Switch
Permanent Network connection (2 mbps)
ADSL (10mbps/512kbps)
2 x APC Smart UPS 1500
• <u>Output units:</u>
HP Designjet 450C plotter (A0 - 90 cm)
HP Designjet 5500psuv plotter (B0 - 107 cm)
HP Deskjet 1120C A3+ printer
HP DeskJet 990Cxi printer
RICOH Aficio 3800c color laser printer
RICOH Aficio 7200cl color laser printer
RICOH Aficio MP C2000 color laser printer/ copier /scanner

RICOH Aficio 1035 BW laser printer
RICOH Aficio fax/copier/printer
HP Color LaserJet 1600
Printer Fax Samsung SCX-4521F
Printer Ricoh Aficio GX 5050N
Printer Ricoh Aficio GX 3050 SFN
LCD projektor Toshiba TLP260
LCD projektor Epson EMP-S42
<ul style="list-style-type: none"> <u>Input units:</u>
Epson A3+ high resolution scanner, (specially calibrated to become measuring instrument for dendrochronological applications and aerophoto scanning)
Microtek A3 high resolution scanner
Epson A4 color scanner
4 x Olympus Camedia digital camera
Sony digital camera
3x Canon digital camera
Digital video camera Sony DCR-TRV17E
7x Benq DC C740i digital camera
2x Benq DC C850i digital camera
1x Benq DC C1060 digital camera
<ul style="list-style-type: none"> <u>Other HW</u>

<u>Software</u>
2 x ESRI ArcGis 8.3 Desktop → GIS application
ABBY FineReader 9.0 Professional Edition → application for OCR
CANOCO 4.5 → software for ordination analysis
CMS IntelliCAD 4 Premium Edition v4.0
EDMS → emission and dispersion modeling system
ENVI 4.0
3 x ENVI 4.3
ESET NOD 32 ENTERPRICE EDITION
ESRI ArcView 3.1 → GIS application
Golden software, Surfer 32, v. 8.0 → surface mapping system
IBM Lotus DOMINO v 4.6
IBM Lotus NOTES v 4.6.1
IDL 6.0
IDRONAUT Srl. REDAS 3.13 → Real time Data Aquisition Software for CTD sonde
ISC-AERMOD View from Lakes Environmental Software Inc.
LLC 3D Nature
RoxMap 32 Scientific → sea bottom classification software
Sontek SonUtils v2.50
Sontek View ADP Standard v3.92
SOUND PLAN 6.0 (incl. MISKAM modul)
StatSoft STATISTICA 6.0 Edition
StatSoft STATISTICA Neural Networks 4.0
Surfer 32, v. 8.0
SULSOFT AsterDTM

<u>Other equipment</u>
Trimble GeoExplorer 1 GPS
9x Garmin e-trex Summit GPS
12x Garmin GPS 60
Garmin GPS 62 s
2xGarmin Oregon 550
PDA + GPS; 2x
Digital dendrochronological laboratory
HTZ field work equipment
Terrain vehicles: 1 x Nissan Terrano, 3x Subaru Forester, Suzuki Ignis, 6x Suzuki Jimny, Nissan Navara, Land Rover Defender
Other vehicles: Renault Laguna, Citroen C5
Winder for car 5x
rubber dinghy ZODIAC FUTURA 420 with motor TOHATSU 25KS
kayak with electrical drive unit
Idronaut OCEAN SEVEN 316 oceanic multiprobe
2 x SonTek ADP current profiler
Teledin - current profiler
La Grange float bowls (for measurement of horizontal motion of sea water (depth 0m, 2m, 5m, 10m, 20m, 40m)
2 x Benthos acoustic release 875A
Benthos acoustic deck set DS8750
RoxAnn Groundmaster with dual frequency Furuno sonar
System for hemispheric photography (Sigma Fisheye 8mm F4 / Manfroto 055PROB/329L)
Plant Stress Detection Glasses; 10x
Stereomicroscope KONUS Diamond with camera adapters
Caving equipment for several people, 2 sets, Edelweiss Superstatic rope 10mm (100m, 70m and 50m)
2x snow shoes
Secchi disks
Free water sampler Niskin 5 liters (by Hydrobios)
Sension2 Portable pH/ISE Meter by HACH
Measuring instruments for dendrometric measuring and dendrometric sampling (millimeter caliper (1x Nestle (80 cm), 3x Haglöf (102cm), 4x Haglöf (80 cm)), SUUNTO altimeter, 2x compass 6 x SUUNTO kompas, 2x SUUNTO tandem, 1x altimeter HAGLOF VERTEX III, 6x altimeter HAGLOF VERTEX IV, 7x telemeter HAGLOF DME 201, 11 transponders, 7 Haglöf sticks with adapters, 5x tree marking equipment, binoculars, precise caliper, 7x Pressler drill + 3 replacement drills, 4x motorized Pressler drills, counters, geodesic chain, DUFTZAUN foam applicator, 10x Bitterlich plate, etc.)
Tree marking equipment 6x (tree scribe, barking spud, set of brass template lines, numbers and letters)
Equipment for marking and measuring logs((1x forestry measuring tape, 3x measuring stick (instrument), 3x stamp hammer, ID tags, 3x capsule set for ID tags)
Sokkia mirror stereoscope (MS27)
Steiner binoculars
Night binocular Davos 212
32 x IC sensors Trailmaster TM1550
Trailmaster TM Data collector and Stat Pack software for interpretation and communication with Trailmaster device
22 x Digital Cuddeback Game Camera
Bat detector Peterson BatSoundPro 4.0 real time software
MicroChip scanner
1x jabstick Dan-inject, 1x jab stick Dist Inject
3x GPS - collar Televilt
2x Antena Telonics, 1x Antena Televilt, 1x VHF receiver Telonics
3x live beaver traps, 1x live wild cat and linx trap, 6x live bear traps Belisle, 6x live wolf traps Belisle
Scale
Pocket Weather Tracker - Kestrel 4000
Soil moisture measurement system (Aqua-Pro Sensors); 20x/1x
Universal Oven (stabilizer) 60L - 1 x
Walkie-talkie (Binaton - range 8 km); 2/1x
3DMapper DDPS™V3, Digital stereophotogrametry

Binocular Swarovski EL 8,5x42 WB
Telescope Swarovski ATS 80, with photo-accessories
WTW - Multiline F/SET-3 - instruments for measurement water parameters
3x autonomous diving sets
2x silver Vyper diving watches
Oxygen apparatus AKD-R
3x Protective Musto suit
2x Diving lamps subatec 180 pro
Underwater lighting xtx 100 din
6x Diving tanks 15L
6x Peli boxes
Light trinocular research microscope SMW-8D4A (povećanje 40-1600X) with adapter for photography
Trinocular zoom stereo microscope SMW-3400 (magnification 7-45X) with adapter for photography
Gas and liquid flow measurer DOSTMANN electronic P 770-LOG
Electric engine for ichthyological research Electrofisher SAMUS-725MP
UWITEC Euro-Kick-Net manual benthos "crutcher" net eye diameter of 0,5 mm with metal frame 25x25 cm attached to metal holder, with additional folding metal frame 25x25 cm (additional function of Surber frame)
5x Chest waders
4x Hip boot
4x polarized fishing sunglasses
6x fish landing nets
Aluminium telescopic leveling rod (5m) Geomax TS5
Laser distance measuring (250 m) Bosch GLM 250 VF Professional

Open and collaborative concept of Oikon Ltd. - Institute for Applied Ecology enables our experts access to other specialist equipment, hardware and software used either by our consultants, partner organisations or clients. We continuously invest in our equipment and therefore, this list is never fully up to date.
